

2023 ANNUAL REPORT

Blackstone European Private Credit Fund SICAV

Blackstone

Dear Investor,

We are pleased to share the annual report for the **Blackstone European Private Credit Fund** ("ECRED" or the "Fund"), covering the twelve-month period from 1 January to 31 December 2023.

Blackstone Credit & Insurance ("BXCI") launched ECRED in October 2022 as a pioneering solution for investors to broaden access to institutional quality European private credit for individual investors. ECRED is designed as core, long-term holding in investor portfolios seeking to deliver attractive, income focused returns from a defensively positioned portfolio.

In 2023, ECRED generated total net returns of 12.7% for Class I shares¹. This strong performance was delivered amidst broader market volatility and economic uncertainty driven by persistent inflation, historically elevated interest rates and geopolitical events. Consistent income generated by ECRED's focus on floating rate, senior secured private loans has been the primary driver of returns and underlying earnings. This has enabled the Fund to increase its monthly distribution in 2023 to an 8.7% annualized yield (Class I)². Additionally, ECRED's earnings in excess of its monthly distribution have contributed to growth in investors' net asset value per share.

Since launch, ECRED has built a high-quality portfolio in a compelling environment for private credit. The Fund's defensive positioning focuses on privately originated loans with downside mitigation³ from low loan-to-values and robust loan documentation, whilst taking advantage of elevated interest rates and attractive spreads to generate strong current yield. Disciplined asset selection is reflected in healthy portfolio company fundamentals, with the Fund focused on:

- **Seniority:** ECRED is focused on investing in first lien, senior secured loans. The underlying portfolio sits at the top of the capital structure with meaningful equity cushions beneath our loans, demonstrated by ECRED's average closing loan-to-value of 38%⁴
- **Scale:** ECRED's portfolio companies reported an average EBITDA, or operating profit, of €159 million⁵. Larger companies in the US private credit market have historically shown higher levels of growth and lower levels of default than smaller companies⁶. We believe the same resilience can apply in Europe due to potentially more diversified revenue streams, established market shares and experienced management teams
- **Sector:** we are thematically focused on sectors that have exhibited long-term growth trends and are less cyclical: 87% of ECRED's private portfolio is invested in historically lower default rate sectors such as software, IT services and healthcare⁷

We are proud of what ECRED has delivered to date: income driven returns for investors while pioneering efforts to broaden access to European private credit through an open-ended vehicle that fully draws investor capital on commitment and can provide monthly liquidity. We are entering 2024 with a healthy and defensive existing portfolio, fundraising momentum driving ECRED's scale and new investment deployment continuing to diversify the portfolio. Our focus remains on delivering strong long-term performance for investors.

Thank you for your trust and choosing us to be your partner.

Market Overview¹¹

US and European markets delivered a year of outsized returns in 2023, after recovering from a weak start. Resilient economic momentum seemed to overpower fears of a recession driven by the Federal Reserve (the "Fed"). In addition to positive credit fundamentals, gains were further boosted by market technical as limited new issue supply drove demand into secondary markets. The return to positive performance came despite another year of historic rate volatility and geopolitical headwinds. These elements led to periods of market weakness through the year, including during and after March's regional banking stress. Hopes for a soft landing, and indications by Fed Chairman Powell that a pivot was on the horizon, sparked a strong year end rally across broader markets, with the S&P 500 and EuroStoxx leading the way. Both ended the year at near-record highs, having gained 26.3% and 23.2%, respectively, over the course of 2023¹².

Credit investors endured a challenging start to the year, as elevated rates contributed to the collapse of Silicon Valley Bank in the US, and UBS's takeover of Credit Suisse in Europe. The market turbulence was short-lived, and European and US loans, which are a natural interest rate and inflation hedge due to their floating rate nature, rallied over the second half to produce the strongest year for the asset class since 2009¹³: the Morningstar LSTA US Leveraged Loan Index and the Credit Suisse Western European Leveraged Loan Index gained 13.3% and 12.5%¹⁴, respectively. High yield bonds also recorded record-high returns, with the Bloomberg US High Yield Index and the Credit Suisse Western European High Yield Index rounding out 2023 gaining 13.4% and 12.5%, respectively¹⁵.

Strong loan performance came against a thin primary pipeline. Global loan issuance reached just \$380 billion (€342 billion) in 2023¹⁶, roughly half of 2021's record breaking year and less than 2022's muted issuance volume. Refinancings dominated loan supply as general volatility dampened M&A activity. However, growing confidence towards the end of the year brought more opportunistic transactions, including repricings, a trend that continued into the new year.

For private credit, extended rate volatility and mixed economic data diminished banks' risk appetite making it difficult to raise and syndicate

public market deals, especially in the first half of 2023. This financing void contributed to one of the most attractive environments for private credit we saw in recent years: private equity sponsors, key end users of private credit, increasingly turned to the certainty, speed and flexibility offered by private credit, accelerating a long-term trend we have observed since the Global Financial Crisis in 2008. With large amounts of dry powder at their disposals, private credit managers financed 81% of European leveraged buyouts throughout 2023¹⁷. This further entrenched private credit as a key provider of financing, able to finance increasingly complex and larger deals. European public-to-private transactions, where fully committed financing—and hence private credit—is key, have grown by 1.5x in the past 2 years¹⁸, reflecting lower public equity market valuations. Additionally, the average European private credit loan grew to €295 million in 2023, 2.6x larger vs. 2020¹⁹. Whilst banks are returning to the market, we expect this to benefit the growth of the overall leveraged finance market, leading to more deal activity.

Looking into 2024, we expect ongoing volatility to be a theme on the macroeconomic, rate and geopolitical front, especially with elections taking place in the US and across the globe this year. Price pressures are proving sticky, although the overall trend is one of disinflation pushing out expectations for the Fed and the European Central Bank ("ECB") to pivot to the summer. That said, the macroeconomic outlook remains supportive, causing the narrative to shift once again away from hopes for a soft landing and rate relief, to growth driving the market and sentiment in 2024.

As this all unfolds, we anticipate higher levels of dispersion within and across credit asset classes. We continue to expect an ongoing bifurcation between issuers that are well positioned for slower growth, against those that are more at-risk of cyclical demand and consumer spending. As in any economic cycle, we believe that individual credit selection will be a key driver to performance throughout the year. The three "S's," seniority, sector selection and scale, will continue to drive our underwriting approach in the coming year, supporting our more defensive approach, while enabling us to use our capabilities to play offense and seek to drive alpha.

End Notes

1. Inception date on 3 October 2022 for Class I-A, Class I-D, Class A-A and Class A-D and 1 December 2023 for Class A-A Italy and A-D Italy. Total return calculated net of fees and expenses and rounded to one decimal point. The ITD annualized total net return of ECRED is from the date on which it first accepted subscriptions and commenced operations (3 October 2022). Returns greater than one year are annualized. ECRED waived management and performance fees for the first 6 months of operations (to March 2023). Blackstone fully advanced fund expenses and Organizational and Offering expenses for the first 12 months (to October 2023) and, beginning in October 2023, provides discretionary expense support via a cap on such expenses that will be borne by the fund (currently 0.50% cap per annum on NAV), with the remaining being advanced by Blackstone. Upon expiration of the cap, ECRED will bear all deferred expenses in equal monthly installments over the following 5-year period. Please note, Blackstone has sole discretion on the cap amount and its duration, so it may be removed or changed at any time.
2. Distribution yield is presented for the distributing class and reflects the current month's distribution annualized and divided by the prior month's NAV. We may fund such distributions from sources other than cash flow from operations, including sale of assets, borrowings, return of capital, or offering proceeds and although we generally expect to fund distributions from cash flow from operations, we have not established limits on the amounts we may pay from such sources.
3. There can be no assurance that any of the downside control features will be successful. This product is subject to the risk of capital loss.
4. Weighted average loan-to-value at commitment across private investments in ECRED as of 31 December 2023. Calculated as net debt through respective BXCI loan tranche divided by estimated enterprise value of the portfolio company.
5. Reflects average latest available LTM EBITDA of private credit investments, weighted by fair market value. Non-EUR EBITDAs have been converted to EUR at applicable currency rates where relevant.
6. Based on information as of 30 September 2023 for the US private credit market provided by Lincoln International Private Markets Database. Growth represented by average LTM EBITDA. Defaults represented by average quarterly share of companies that have breached at least one covenant for the period Q2 2018 through Q3 2023, which is the full sample for which data is currently available. Average quarterly covenant default rates for companies with fewer than 50 million in EBITDA and greater than 100 million in EBITDA were 12% and 2%, respectively, in the noted time period.
7. Based on annualized industry default rates from 2007 to 2022 per S&P Default, Transition and Recovery 2022 report. Lower-default sectors defined as those which have an average annual default rate below 1.5%. ECRED private portfolio data as of 31 December 2023. GICS industry classifications utilized in ECRED reporting are re-mapped by Blackstone Credit & Insurance to S&P industry classifications for comparison purposes. Investors should make their own determination as to the comparability or usefulness of the disclosed data.
8. As a percentage of debt investments in ECRED's portfolio, which represents 99.9% of ECRED's investments.
9. Reflects percentages based on market value as of 31 December 2023.
10. May employ leverage of up to two times total debt to equity, meaning ECRED will be able to borrow up to two euros for every euro of equity the fund owns.
11. The opinions expressed herein reflect the current opinions of Blackstone and third-party analysts as of the date appearing in this material only. Data from third party sources has not been independently verified. There can be no assurance that the trends described herein will continue or will not reverse. The contents hereof should not be construed as investment, legal, tax or other advice.
12. Bloomberg, as of 31 December 2023.
13. JP Morgan Leveraged Loan Credit Fundamentals 3Q23, as of 18 December 2023.
14. Source: Morningstar LST US Leveraged Loan Index and Credit Suisse Western European Leveraged Loan Index.
15. Source: Bloomberg US High Yield Index and Credit Suisse Western European High Yield Index.
16. Pitchbook LCD as of 31 December 2023.
17. Private credit count is based on European LBO transactions covered by Pitchbook Leveraged Commentary & Data news as of 31 December 2023.
18. Public to private transaction count is based on transactions covered by Leveraged Commentary & Data news as of 31 December 2023.
19. European private credit deal size is based on transactions covered by Leveraged Commentary & Data news as of 31 December 2023.

Key Risk Factors

Risk Indicator

Capitalised terms herein not defined in this document have the meaning ascribed to them in the latest visa stamped version of the prospectus of ECRED Feeder SICAV.

Under the packaged retail and insurance-based investment products (PRIIPs) Regulation, we have classified this product as 3 out of 7, which is a medium-low risk class. This rates the potential losses from future performance at a medium-low level, and poor market conditions could impact our capacity to pay you.

There is no specific recommended holding period for the product. The actual risk can vary significantly and you may get back less. You may not be able to sell your Shares in ECRED Feeder SICAV easily or you may have to sell them at a price that significantly impacts on how much you get back. The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. The purchase of Shares in ECRED Feeder SICAV entails a high degree of risk and is suitable for sophisticated investors for whom an investment in ECRED Feeder SICAV does not represent a complete investment program, and who fully understand ECRED Feeder SICAV's strategy, characteristics and risks, including the use of borrowings to leverage Investments, and are capable of bearing the risk of an investment in ECRED Feeder SICAV. There are no guarantees or assurances regarding the achievement of investment objectives or performance. This product does not include any protection from future market performance so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose some or all of your investment.

The attention of potential investors is drawn to the risks to which any investor is exposed by investing in ECRED Feeder SICAV. Potential investors should pay particular attention to the risks described in the dedicated section of ECRED Feeder SICAV Prospectus. In making an investment decision, investors must rely on their own examination of ECRED Feeder SICAV and the terms of the offering, including the merits and risks involved. Potential investors should not construe the contents of this Prospectus as legal, tax, investment or accounting advice.

The following is a summary description of the principal risks of investing in ECRED Feeder SICAV. The order of the below risk factors does not indicate the significance of any particular risk factor. The comprehensive list of risks to which ECRED Feeder SICAV is subject to is available in the Prospectus.

For the purpose of the below, references to "ECRED" are references to ECRED Feeder SICAV and its sub-funds, ECRED Master FCP, the

ECRED Aggregator and the Parallel Entities (if any) (each as defined in the Prospectus).

Lack of Liquidity. There is no current public trading market for the Shares, and the Sponsor does not expect that such a market will ever develop. Therefore, redemption of Shares by ECRED Feeder SICAV will likely be the only way for you to dispose of your Shares. ECRED Feeder SICAV expects to redeem Shares at a price equal to the applicable NAV as of the Redemption Date and not based on the price at which you initially purchased your Shares. Subject to limited exceptions, Shares redeemed within one year of the date of issuance will be redeemed at 98% of the applicable NAV as of the Redemption Date. As a result, you may receive less than the price you paid for your Shares when you sell them to ECRED Feeder SICAV pursuant to ECRED Feeder SICAV's redemption program.

The aggregate NAV of total redemptions (on an aggregate basis (without duplication) across ECRED, but excluding any Early Redemption Deduction applicable to the redeemed Shares) is generally limited to 2% of aggregate NAV per calendar month of all Parallel Entities and the ECRED Aggregator (measured using the aggregate NAV as of the end of the immediately preceding month) and 5% of such aggregate NAV per calendar quarter (measured using the average of such aggregate NAV as of the end of the immediately preceding three months), except in the event of exceptional circumstances described below.

In exceptional circumstances and not on a systematic basis, ECRED Feeder SICAV may make exceptions to, modify or suspend, in whole or in part, the redemption program if in the Investment Manager's reasonable judgment it deems such action to be in ECRED's best interest and the best interest of ECRED's investors, such as when redemptions of Shares would place an undue burden on ECRED's liquidity, adversely affect ECRED's operations, risk having an adverse impact on ECRED that would outweigh the benefit of redemptions of Shares or as a result of legal or regulatory changes. Material modifications, including any amendment to the 2% monthly or 5% quarterly limitations on redemptions and suspensions of the redemption program will be promptly disclosed to Shareholders on ECRED's website. If the redemption program is suspended, the Investment Manager will be required to evaluate on a monthly basis whether the continued suspension of the redemption program is in ECRED's best interest and the best interest of ECRED's investors.

The vast majority of ECRED's assets are expected to consist of Investments that cannot generally be readily liquidated without impacting ECRED's ability to realize full value upon their disposition. Therefore, ECRED

Key Risk Factors (cont'd)

may not always have a sufficient amount of cash to immediately satisfy Redemption Requests. As a result, your ability to have your Shares redeemed by ECRED may be limited and at times you may not be able to liquidate your investment.

Conflicts of Interest. ECRED Feeder SICAV is subject to certain conflicts of interest arising out of ECRED's relationship with Blackstone, including the Sponsor and its affiliates. Members of the Board of Directors are also executives of Blackstone and/or one or more of its affiliates. There is no guarantee that the policies and procedures adopted by ECRED Feeder SICAV, the terms of its Articles of Incorporation, the terms and conditions of the Investment Management Agreement, that the policies and procedures adopted by the Board of Directors, the Sponsor, the AIFM, Blackstone and their affiliates, will enable ECRED Feeder SICAV to identify, adequately address or mitigate these conflicts of interest, or that the Sponsor will identify or resolve all conflicts of interest in a manner that is favorable to ECRED Feeder SICAV.

Exchange Currency Risks. A portion of ECRED Feeder SICAV's assets may be denominated in a currency that differs from the functional currency of ECRED Feeder SICAV or an investor's functional currency. Consequently, the return realized on any investment by such investor may be adversely affected by movements in currency exchange rates over the holding period of such investment and the life of ECRED Feeder SICAV generally, costs of conversion and exchange control regulations in such jurisdiction, in addition to the performance of the investment itself. Shareholders holding shares with a functional currency other than Euro acknowledge that they are exposed to fluctuations of the Euro foreign exchange rate and/or hedging costs, which may lead to variations on the amount to be distributed. This risk is not considered in the indicator shown above. ECRED's charges will be incurred in multiple currencies, meaning that payments may increase or decrease as a result of currency exchange fluctuations.

Highly Competitive Market for Investment Opportunities. The activity of identifying, completing and realizing attractive investments is highly competitive, and involves a high degree of uncertainty. There can be no assurance that ECRED will be able to locate, consummate and exit investments that satisfy its objectives or realize upon their values or that ECRED Feeder SICAV will be able to fully invest its Shareholders' investment. There is no guarantee that investment opportunities will be allocated to ECRED and or that the activities of Blackstone's other funds having similar or overlapping investment objectives will not adversely affect the interests of ECRED.

Other Blackstone and Blackstone Credit & Insurance Clients; Allocation of Investment Opportunities. Certain inherent conflicts of interest arise from the fact that the Sponsor, Blackstone Credit & Insurance and Blackstone provide investment management, advisory

and sub-advisory services to ECRED and Other Clients. Blackstone Credit & Insurance and/or Blackstone may give advice to, and recommend securities for, Other Clients that may differ from advice given to, or securities recommended or bought for, ECRED, even though their investment objectives may be the same as or similar to those of ECRED. While Blackstone Credit & Insurance will seek to manage potential conflicts of interest in a fair and equitable manner, the portfolio strategies employed by Blackstone Credit & Insurance and Blackstone in managing their respective Other Clients are likely to conflict from time to time with the transactions and strategies employed by the Sponsor in managing ECRED Feeder SICAV and may affect the prices and availability of the securities and instruments in which ECRED invests.

Recent Market Events Risk. Local, regional, or global events such as war (e.g., Russia/Ukraine), acts of terrorism, public health issues like pandemics or epidemics (e.g., COVID-19), recession, or other economic, political and global macro factors and events could lead to a substantial economic downturn or recession in the U.S. and global economies and have a significant impact on the ECRED and its investments. The recovery from such downturns is uncertain and may last for an extended period of time or result in significant volatility, and many of the risks discussed herein associated with an investment in ECRED may be increased.

Reliance on Key Management Personnel. The success of ECRED will depend, in large part, upon the skill and expertise of certain Blackstone professionals. In the event of the death, disability or departure of any key Blackstone professionals, the business and the performance of ECRED may be therefore adversely affected. Some Blackstone professionals may have other responsibilities, including senior management responsibilities, throughout Blackstone and, therefore, conflicts are expected to arise in the allocation of such personnel's time (including as a result of such personnel deriving financial benefit from these other activities, including fees and performance-based compensation).

Risk of Capital Loss and No Assurance of Investment Return. ECRED offers no capital protection guarantee. This investment involves a significant risk of capital loss and should only be made if an investor can afford the loss of its entire investment. There are no guarantees or assurances regarding the achievement of investment objectives or performance. There may be little or no near-term cash flow available to the Shareholders from ECRED Feeder SICAV, and there can be no assurance that ECRED Feeder SICAV will make any distribution to the Shareholders. This product does not include any protection from future market performance so you could lose some or all of your investment. If we are not able to pay you what is owed, you could lose some or all of your investment. A fund's performance may be volatile. An investment should only be considered by sophisticated investors who can afford to lose all or a substantial amount of their investment. A fund's fees and expenses may offset or exceed its profits. In considering any investment performance information contained in the document and related materials ("the

Key Risk Factors (cont'd)

Materials”), recipients should bear in mind that past performance does not predict future returns. Investors should draw no conclusions from the performance of any other investments of Blackstone Credit & Insurance or Blackstone and should not expect to achieve similar results.

Sustainability Risks. ECRED may be exposed to an environmental, social or governance event or condition that, if it occurs, could have a material adverse effect, actual or potential, on the value of the investments made by ECRED. Sustainability risks are assessed into investment decisions relating to ECRED.

Target Allocations. There is no guarantee that such strategies and targets will be achieved and any particular investment may not meet the target criteria.

Use of Leverage. ECRED intends to borrow money. If returns on such investment exceed the costs of borrowing, investor returns will be enhanced. However, if returns do not exceed the costs of borrowing, ECRED'S performance will be depressed. This includes the potential for ECRED Feeder SICAV to suffer greater losses than it otherwise would have. The effect of leverage is that any losses will be magnified. The use of leverage involves a high degree of financial risk and will increase ECRED's exposure

to adverse economic factors such as rising interest rates, downturns in the economy or deteriorations in the condition of the Investments.

This leverage may also subject ECRED and its Investments to restrictive financial and operating covenants, which may limit flexibility in responding to changing business and economic conditions. For example, leveraged entities may be subject to restrictions on making interest payments and other distributions.

Valuations Matters – The valuation methodologies used to value any investment in which ECRED Feeder SICAV invests will involve subjective judgments and projections and may not be accurate. Valuation methodologies are based on assumptions and opinions about future events, which may or may not turn out to be correct. Valuation methodologies may permit reliance on a prior period valuation of particular Investments. Ultimate realization of the value of an asset depends to a great extent on economic, market and other conditions beyond Blackstone Credit & Insurance's control. Accordingly, there is no guarantee that the fair value as determined by the AIFM (with the assistance of Blackstone Credit & Insurance) at any given point in time will represent the value that will be realized by ECRED Feeder SICAV on the eventual disposition of the Investment or that would, in fact, be realized upon an immediate disposition of the Investment.

Important Disclosure Information

This document may not be relied on in any manner as legal, tax, investment, accounting or other advice or as an offer to sell, or a solicitation of an offer to buy any security or instrument in or to participate in any trading strategy with any Blackstone fund, account or other investment vehicle, nor shall it or the fact of its distribution form the basis of, or be relied on in connection with, any contract or investment decision. All information is as of 31 December 2023, unless otherwise indicated and may change materially in the future.

Blackstone Proprietary Data. Certain information and data provided herein is based on Blackstone proprietary knowledge and data. Portfolio companies may provide proprietary market data to Blackstone, including about local market supply and demand conditions, current market rents and operating expenses, capital expenditures, and valuations for multiple assets. Such proprietary market data is used by Blackstone to evaluate market trends as well as to underwrite potential and existing investments. While Blackstone currently believes that such information is reliable for purposes used herein, it is subject to change, and reflects Blackstone's opinion as to whether the amount, nature and quality of the data is sufficient for the applicable conclusion, and no representations are made as to the accuracy or completeness thereof.

Case Studies. The selected investment examples, case studies and/or transaction summaries presented or referred to herein may not be representative of all transactions of a given type or of investments generally and are intended to be illustrative of the types of investments that have been made or may be made by ECRED in employing ECRED's investment strategies. It should not be assumed that ECRED will make equally successful or comparable investments in the future. Moreover, the actual investments to be made by ECRED or any other future fund will be made under different market conditions from those investments presented or referenced in the Materials and may differ substantially from the investments presented herein as a result of various factors. Prospective investors should also note that the selected investment examples, case studies and/or transaction summaries presented or referred to herein have involved Blackstone professionals who will be involved with the management and operations of ECRED as well as other Blackstone personnel who will not be involved in the management and operations of ECRED. Certain investment examples described herein may be owned by investment vehicles managed by Blackstone and by certain other third-party equity partners, and in connection therewith Blackstone may own less than a majority of the equity securities of such investment. Further investment details are available upon request.

Diversification; Potential Lack Thereof. Diversification is not a guarantee of either a return or protection against loss in declining markets. The number of investments which ECRED makes may be limited, which would cause ECRED's investments to be more susceptible to fluctuations in value resulting from adverse economic or business conditions with respect thereto. There

is no assurance that any of ECRED's investments will perform well or even return capital; if certain investments perform unfavorably, for ECRED to achieve above-average returns, one or a few of its investments must perform very well. There is no assurance that this will be the case. In addition, certain geographic regions and/or industries in which ECRED is heavily invested may be more adversely affected from economic pressures when compared to other geographic regions and/or industries.

Estimates/Targets. Any estimates, targets, forecasts, or similar predictions or returns set forth herein are based on assumptions and assessments made by Blackstone that it considers reasonable under the circumstances as of the date hereof. They are necessarily speculative, hypothetical, and inherently uncertain in nature, and it can be expected that some or all of the assumptions underlying such estimates, targets, forecasts, or similar predictions or returns contained herein will not materialize and/or that actual events and consequences thereof will vary materially from the assumptions upon which such estimates, targets, forecasts, or similar predictions or returns have been based. Among the assumptions to be made by Blackstone in performing its analysis are (i) the amount and frequency of current income from an investment, (ii) the holding period length, (iii) EBITDA growth and cost savings over time, (iv) the manner and timing of sale, (v) exit multiples reflecting long-term averages for the relevant asset type, (vi) customer growth and other business initiatives, (vii) availability of financing, (viii) potential investment opportunities Blackstone is currently or has recently reviewed and (ix) overall macroeconomic conditions such as GDP growth, unemployment and interest rate levels. Inclusion of estimates, targets, forecasts, or similar predictions or returns herein should not be regarded as a representation or guarantee regarding the reliability, accuracy or completeness of such information, and neither Blackstone nor ECRED is under any obligation to revise such returns after the date provided to reflect the occurrence of future events, even in the event that any or all of the assumptions underlying such returns are later shown to be incorrect. None of Blackstone, ECRED, their affiliates or any of the respective directors, officers, employees, partners, shareholders, advisers and agents of any of the foregoing makes any assurance, representation or warranty as to the accuracy of such assumptions. Investors and clients are cautioned not to place undue reliance on these forward-looking statements. Recipients of the Materials are encouraged to contact ECRED representatives to discuss the procedures and methodologies used to make the estimates, targets, forecasts, and/or similar predictions or returns and other information contained herein.

Forward-Looking Statements. Certain forward looking statements, including financial projections and estimates and statements regarding future performance, are inherently uncertain and there may be important factors that could cause actual outcomes or results to differ materially from those indicated in such statements. Blackstone undertakes no obligation to publicly update or review any forward-looking statement, whether as a result of new information, future developments or otherwise.

Important Disclosure Information (cont'd)

Future returns subject to tax. Any future returns will be subject to tax which depends on the personal tax situation of each investor, which may change over time.

Images. The Materials contain select images of certain investments that are provided for illustrative purposes only and may not be representative of an entire asset or portfolio or of ECRED's entire portfolio. Such images may be digital renderings of investments rather than actual photos.

Logos. The logos presented herein were not selected based on performance of the applicable company or sponsor to which they pertain. Logos were selected to illustrate managers and/or portfolio companies that are indicative representations of the thesis, theme or trend discussed on the slide(s) where they appear. In Blackstone's opinion, the logos selected were generally the most applicable examples of the given thesis, theme or trend discussed on the relevant slide(s). All rights to the trademarks and/or logos presented herein belong to their respective owners and Blackstone's use hereof does not imply an affiliation with, or endorsement by, the owners of these logos.

Master-Feeder fund structures. A feeder fund will invest all or substantially all its assets in its master fund. A master-feeder fund structure is typically put in place for legal and commercial purposes. In general, investors will hold their interests at the level of the feeder fund and fund costs and expenses of the overall master-feeder structure will ultimately be borne by investors on a pro-rated basis as applicable. For third party, non-Blackstone managed feeder funds investing into a Blackstone master fund, there may be additional costs that investors in those third party feeders incur from the relevant operator of those third party feeder funds. Therefore, in some instances, the performance of a feeder fund will differ to that of its master fund due to the additional costs that may have been incurred at feeder fund level.

MiFID Terms of Business. For investors in the European Economic Area please refer to <https://www.blackstone.com/european-overview/> to find the MiFID Terms of Business which may be applicable to you.

No Benchmark. ECRED is not managed in reference to any benchmark index.

Opinions. Opinions expressed reflect the current opinions of Blackstone as of the date appearing in this document only and are based on Blackstone's opinions of the current market environment, which is subject to change. Certain information contained in this document discusses general market activity, industry or sector trends, or other broad-based economic, market or political conditions and should not be construed as research or investment advice.

Third Party Information. Certain information contained in the Materials has been obtained from sources outside Blackstone, which in certain cases have not been updated through the date hereof. While such information is believed to be reliable for purposes used herein, no representations are made as to the accuracy or completeness thereof and none of Blackstone, its funds, nor any of their affiliates takes any responsibility for, and has not independently verified, any such information.

Trends. There can be no assurances that any of the trends described herein will continue or will not reverse. Past events and trends do not imply, predict or guarantee, and are not necessarily indicative of future events or results. Please refer to the Key Information Document (KID) before making any investment decision. The KID is available in multiple languages on www.ecred.com

Blackstone European Private Credit Fund SICAV

Management Report

This Management Report of Blackstone European Private Credit Fund SICAV ("ECRED Feeder SICAV") is prepared for the period from 1 January 2023 to 31 December 2023¹.

Any capitalised term not otherwise defined herein shall have the meaning ascribed to it in the version of the prospectus of ECRED Feeder SICAV applicable at the date of issuance of this report (the "Prospectus"). The Prospectus is available on www.ecred.com.

I. Overview of Business

Corporate Structure

ECRED Feeder SICAV is a vehicle for investment into ECRED. ECRED is a credit investment program operated through several entities and the term "**ECRED**" is used to refer to the program as a whole.

ECRED Feeder SICAV is an open-ended fund organized as a multi-compartment Luxembourg investment company with variable capital (*société d'investissement à capital variable*) governed by Part II of the Luxembourg Law of 17 December 2010 relating to undertakings for collective investment, as amended (the "**2010 Law**"). ECRED Feeder SICAV is currently set up with one compartment, namely Blackstone European Private Credit Fund SICAV – ECRED Feeder SICAV – I (the "**Sub-Fund**"). This Management Report relates to ECRED Feeder SICAV as a whole. For the avoidance of doubt, any reference to ECRED Feeder SICAV in this Management Report shall be understood, as the case may be, as a reference to the Sub-Fund, ECRED Feeder SICAV or ECRED Feeder SICAV acting for the account of the Sub-Fund.

Blackstone European Private Credit Fund (Master) FCP ("**ECRED Master FCP**"), a Luxembourg mutual fund (*fonds commun de placement*) governed by Part II of the 2010 Law, is the master fund for ECRED Feeder SICAV.

ECRED Feeder SICAV will invest all or substantially all of its assets into one or more sub-funds of ECRED Master FCP, which will invest all or substantially all of their assets through ECRED (Aggregator) SCSp ("**ECRED Aggregator**").

The investment objective and strategies, related risk factors and potential conflicts of interest, subscription and redemption terms, calculation of net asset value, fees and expenses, tax and regulatory considerations, and other aspects of the activities of ECRED Feeder SICAV and ECRED Master FCP are substantially identical except as specifically identified in their respective prospectuses.

Investment Objectives

ECRED Feeder SICAV's investment objective is to deliver attractive risk adjusted returns, primarily through current income, with some balance derived from longer-term capital appreciation. ECRED will seek to meet its investment objective by investing in a highly diversified portfolio primarily constructed from privately originated investments in European companies, focusing on floating rate, first lien and senior secured loans, with dynamic exposure to a broad range of other private credit investments as detailed further herein. To a lesser extent, the portfolio will also invest in liquid debt securities, including broadly syndicated loans.

There can be no assurance that ECRED will achieve its objectives, pursue any particular theme or avoid substantial losses. Diversification does not assure a profit or protect against a loss in a declining market. See "Risk Factors, Potential Conflicts of Interests and Other Considerations" of the Prospectus.

¹ A separate annual report is made available by the AIFM in order to comply with the annual requirements for periodic and regular disclosure to investors set out under (i) AIFMD and (ii) the Commission Delegated Regulation (EU) No 231/2013 of 19 December 2012 (the "**Regulation**"). The AIFMD report for the year ended 31 December 2023 as required under AIFMD and the Regulation will be available by 30 June 2024.

Investment Strategy

ECRED's investment strategy is to invest approximately 80-90% of its total assets in private credit investments, such as loans, bonds and other credit instruments that are issued in private offerings or issued by private companies. ECRED expects that the majority of its portfolio will be in privately originated and privately negotiated investments in European companies through: (i) first lien senior secured and unitranche loans and bonds; (ii) anchor orders and club deals (generally, investments made by small groups of investment firms) in broadly syndicated or quasi-liquid loans and bonds; and (iii) second lien, unsecured, subordinated, mezzanine debt; structured credit and asset backed financings; and other debt and equity securities (the investments described in this sentence, collectively, "**Private Credit**"). ECRED also expects that it will invest approximately 10%-20% of its total assets in broadly syndicated and publicly traded loans, bonds and other debt securities (primarily senior secured) (collectively, "**Opportunistic Credit**") and cash and/or cash equivalents. ECRED expects that Opportunistic Credit generally will be liquid, and may be used for the purposes of maintaining liquidity, while also presenting an opportunity for attractive investment returns, in particular during idiosyncratic and dislocated market environments. ECRED will focus a majority of its portfolio on investments in European companies, predominantly in the upper-middle market, and to a lesser extent, expects to allocate a portion of its portfolio to investments in US, Asian, Australian and other non-European companies.

Overall, ECRED will seek to capitalize on Blackstone Credit's scale and reputation in the market as an experienced financing partner to originate and execute investments, and generate attractive risk adjusted returns.

There can be no assurance that ECRED will be able to achieve its objective, pursue its objective, pursue any particular theme or avoid substantial losses. See "Risk Factors, Potential Conflicts of Interest and Other Considerations" of the Prospectus.

ECRED's portfolio composition as of 31 December 2023 is in line with the Investment Objectives and Strategy stated above.

Investment Restrictions

In accordance with the diversification requirements of Circular IML 91/75, ECRED Feeder SICAV will not at any one time directly or indirectly, through the ECRED Aggregator, invest and hold more than 20% of its Net Asset Value in any single Investment as measured at the time of acquisition; provided that such diversification will be assessed on a look-through basis and no remedial action will be required if such restriction is exceeded for any reason other than the acquisition of a new Investment (including the exercise of rights attached to an Investment).

This 20% diversification requirement will not apply during a ramp-up period of up to four years after the initial subscription is accepted.

II. Performance Summary

ECRED has built a defensive and high-quality portfolio with €500 million of total fair market value. The Fund generated strong returns in 2023, delivering a 12.7% net return (Class I Shares)². Consistent income generated by ECRED's focus on senior secured private loans with attractive, floating rate coupons and upfront fees has driven ECRED's earnings. Over 2023, ECRED benefitted from its positioning in floating rate loans as interest rates in Europe have increased, illustrated by 3-month EURIBOR ending 2023 at 3.9%, relative to 2.1% at the beginning of year³. Returns have also benefitted, to a lesser extent, from capital appreciation from healthy fundamental performance and a broader positive credit market environment. Since launching in October 2022, ECRED has delivered a 12.0% annualized net return (Class I Shares)² with limited volatility despite a backdrop of broader economic uncertainty, underlining its defensive foundations. Returns have been achieved with the use of modest leverage, which is currently targeted at approximately 1.0x (on a debt-to-equity measure).

There can be no assurance that ECRED will achieve its objectives, pursue any particular theme or avoid substantial losses. Diversification does not protect against losses. Past performance does not predict future returns.

² Inception date on 3 October 2022 for Class I-A, Class I-D, Class A-A and Class A-D and 1 December 2023 for Class A-A Italy and A-D Italy. Total return calculated net of fees and expenses and rounded to one decimal point. The ITD annualized total net return of ECRED is from the date on which it first accepted subscriptions and commenced operations (3 October 2022). Returns greater than one year are annualized. ECRED waived management and performance fees for the first 6 months of operations (to March 2023). Blackstone fully advanced fund expenses and Organizational and Offering Expenses for the first 12 months (to October 2023) and, beginning in October 2023, provides discretionary expense support via a cap on such expenses that will be borne by the fund (currently 0.50% cap per annum on NAV), with the remaining being advanced by Blackstone. Upon expiration of the cap, ECRED will bear all deferred expenses in equal monthly installments over the following 5 year period. Please note, Blackstone has sole discretion on the cap amount and its duration, so it may be removed or changed at any time.

³ Bloomberg, as of 31 December 2023.

ECRED concluded 2023 with an 8.7% annualized distribution yield (Class ID Shares)⁴, delivered through a monthly distribution. Over 2023, ECRED declared 12 monthly distributions with 4 increases to €0.19 per share, reflective of the growth in underlying earnings and continued ramp in the portfolio. The Fund has consistently outearned its distribution, creating excess earnings that has contributed to the growth of NAV per share to €26.52 (Class ID Shares) on 31 December 2023, from €25.51 per share at the beginning of the year in January. The following tables provide a summary of performance and distributions across share classes since the Fund's inception in October 2022.

Past performance does not predict future returns.

⁴ Distribution yield is presented for the distributing class and reflects the current month's distribution annualized and divided by the prior month's NAV. We may fund such distributions from sources other than cash flow from operations, including sale of assets, borrowings, return of capital, or offering proceeds and although we generally expect to fund distributions from cash flow from operations, we have not established limits on the amounts we may pay from such sources. Annualized yield for class A shares is 7.8%. Distributions are not guaranteed.

⁵ Inception date on 3 October 2022 for Class I-A, Class I-D, Class A-A and Class A-D and 1 December 2023 for Class A-A Italy and A-D Italy. Total return calculated net of fees and expenses and rounded to one decimal point. The ITD annualized total net return of ECRED is from the date on which it first accepted subscriptions and commenced operations (3 October 2022). Returns greater than one year are annualized. ECRED waived management and performance fees for the first 6 months of operations (to March 2023). Blackstone fully advanced fund expenses and Organizational and Offering Expenses for the first 12 months (to October 2023) and, beginning in October 2023, provides discretionary expense support via a cap on such expenses that will be borne by the fund (currently 0.50% cap per annum on NAV), with the remaining being advanced by Blackstone. Upon expiration of the cap, ECRED will bear all deferred expenses in equal monthly installments over the following 5 year period. Please note, Blackstone has sole discretion on the cap amount and its duration, so it may be removed or changed at any time.

III. Investment Activity and Portfolio Overview

ECRED has built a €500 million portfolio of total fair market value consisting primarily of privately originated, senior secured and floating rate loans to performing, high quality European companies operating in sectors with secular growth tailwinds. As of 31 December 2023, the Fund has approximately €351 million invested in Private Credit across 20 issuers, with the remaining balance of €149 million invested in Opportunistic Credit, consisting of publicly traded broadly syndicated loans, across 60 issuers. The largest ten Private Credit positions represent 47% of the portfolio by total fair market value, with the largest single issuer exposure of approximately 7%. With continued investment deployment and growing scale in ECRED's fund size driven by capital raising, we anticipate the portfolio will continue to diversify.

Investment activity over 2023 has been concentrated in Private Credit, consistent with ECRED's strategy of investing primarily in senior secured, floating rate loans in performing European companies. In the annual period, ECRED invested in 7 new portfolio companies, deploying €94 million of capital, with an additional €8 million invested in add-ons and delayed draw facilities to existing portfolio companies. We believe the private credit market continues to offer compelling deployment opportunities: attractive floating rate coupons and historically elevated interest rates are supporting all-in-yields for new senior secured investments, that feature low loan-to-value ratios and strong loan documentation.

With respect to Opportunistic Credit, ECRED actively manages its exposure and has deployed capital into an increasingly diversified pool of broadly syndicated senior loans sourced via the primary and secondary markets. The Opportunistic Credit portfolio generates attractive yield given its floating rate nature and is used for broader portfolio management purposes, such as managing full deployment of inflows with a pipeline of committed private credit investments, and for the purposes of maintaining liquidity.

ECRED aims to generate income focused returns from a defensively positioned portfolio. As of 31 December 2023, the Fund is 100% invested in floating rate, senior secured loans⁶. This has delivered robust income generation with downside mitigation, illustrated by the conservative 38% average closing loan-to-value on the Private Credit portfolio⁷. The Fund is diversified across sectors, focusing on industries that can benefit from long term secular growth trends and we believe are less cyclical. From a geographic standpoint, 85% of ECRED is invested in European headquartered companies⁸, with the balance invested in North America and APAC.

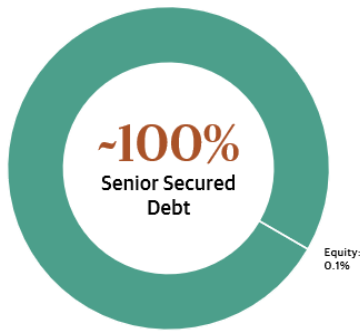

There can be no assurance that ECRED will achieve its objectives or avoid substantial losses. Diversification does not assure a profit or protect against a loss in a declining market. See "Risk Factors, Potential Conflicts of Interests and Other Considerations" of the Prospectus.

⁶ As a percentage of debt investments in ECRED's portfolio, which represents 99.9% of ECRED's investments. Note, equity represents 0.10% of ECRED's investments.

⁷ Weighted average loan-to-value at commitment across private investments in ECRED as of 31 December 2023. Calculated as net debt through respective BXCI loan tranche divided by estimated enterprise value of the portfolio company.

⁸ Reflects percentages based on market value as of 31 December 2023.

Seniority Breakdown⁹

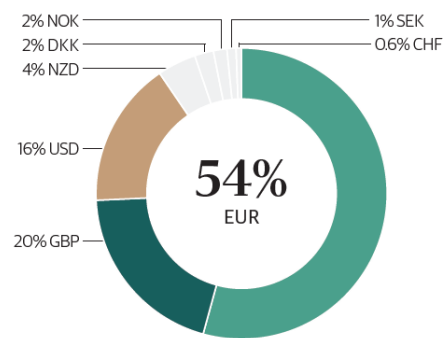

Top 5 Industries (at FMV)¹⁰

Geography Breakdown¹⁰

Currency Breakdown¹⁰

IV. Capital Structure

Debt Summary

ECRED employs a prudent financial policy, including a Leverage Limit (as defined in and subject to the terms of the Prospectus) of 67%. As of 31 December 2023, ECRED's Leverage Ratio was 35.97% (31 December 2022: 43.43%). ECRED has two borrowing facilities that provide leverage to the fund, and, as of 31 December 2023, ECRED had €161 million drawn from a €300 million asset-based lending facility and €0 drawn from a €50 million revolving credit facility.

Hedging Summary

ECRED is a EUR denominated fund that can invest in loans in multiple currencies, primarily EUR, USD, and GBP, and to a lesser extent other European and global currencies. Please refer to the Currency Breakdown as shown above.

Broadly, ECRED seeks to hedge foreign currency exposure to the Fund's denomination, EUR. On a quarterly basis, ECRED hedges principal exposure, based on the fair market value of the portfolio, and accrued interest income. Hedging is conducted by utilizing ECRED's leverage facilities, drawing from facilities in local currency of investments, and an FX forwards program that is rolled on a quarterly basis. Ultimately, FX hedging is an active portfolio management exercise and aims to minimize, but not fully remove, currency volatility on the portfolio¹¹.

There can be no assurance that ECRED will achieve its objectives or avoid substantial losses. Diversification does not assure a profit or protect against a loss in a declining market. See "Risk Factors, Potential Conflicts of Interests and Other Considerations" of the Prospectus.

⁹ As a percentage of debt investments in ECRED's portfolio, which represents 99.9% of ECRED's investments. Note, equity represents 0.10% of ECRED's investments.

¹⁰ Reflects percentages based on market value as of 31 December 2023.

¹¹ Fund charges will be incurred in multiple currencies, meaning that payments may increase or decrease as a result of currency exchange fluctuation.

V. Capital Raising

The total number of net subscriptions received across ECRED for the period from 1 January 2023 to 31 December 2023 was €132.5 million, bringing total net inflows since inception to €231.5 million¹². Capital raising has been driven by the onboarding of new global and local European private wealth partners and inflows from direct investors.

VI. Events Subsequent to the Year End

Subsequent to the year end, ECRED Feeder SICAV had net subscriptions for shares of €114.9 million.

In January 2024, a parallel vehicle, Blackstone Crédit Privé Europe SC, was established to invest alongside ECRED Master FCP.

Apart from the above, the Directors have evaluated the impact of all subsequent events through to 29 April 2024, which is the date that these financial statements were available to be issued, and have determined that there were no other subsequent events requiring adjustment to or disclosure in the financial statements.

VII. Principal Risks, Uncertainties and Conflicts of Interests

Principal Risks and Uncertainties

The purchase of shares in ECRED Feeder SICAV entails a high degree of risk that is suitable for sophisticated investors for whom an investment in ECRED Feeder SICAV does not represent a complete investment program, and who also fully understand ECRED's strategy, characteristics and risks, including the use of borrowings to leverage Investments, and are capable of bearing the risk of an investment in ECRED Feeder SICAV.

In addition to the risks and conflicts of interest detailed in Section XVII – "Risk Factors, Potential Conflicts of Interest and Other Considerations" of the Prospectus, below please find additional notable risks for ECRED Feeder SICAV:

General Economic and Market Conditions

The success of ECRED's investment activities could be affected by general economic and market conditions, as well as by changes in applicable laws and regulations (including laws relating to taxation of ECRED's investments), trade barriers, currency exchange controls, rate of inflation, currency depreciation, asset re-investment, resource self-sufficiency, labor market and energy market volatility and national and international political and socioeconomic circumstances in respect of the countries in which ECRED may invest. These factors will affect the level and volatility of securities prices and the liquidity of ECRED's Investments, which could impair ECRED's profitability or result in losses. General fluctuations in the market prices of securities and interest rates may affect ECRED's investment opportunities and the value of ECRED's Investments. ECRED may maintain substantial trading positions that can be adversely affected by the level of volatility in the financial markets; the larger the positions, the greater the potential for loss. Declines in the performance of national economies or the credit markets in certain jurisdictions have had a negative impact on general economic and market conditions globally, and as a result, could have a material adverse effect on ECRED's business, financial condition and results of operations.

Blackstone's financial condition may be adversely affected by a significant general economic downturn and it may be subject to legal, regulatory, reputational and other unforeseen risks that could have a material adverse effect on Blackstone's businesses and operations (including those of ECRED). A recession, slowdown and/or sustained downturn in the global economy (or any particular segment thereof) could have a pronounced impact on ECRED and could adversely affect ECRED's profitability, impede the ability of ECRED's Portfolio Entities to perform under or refinance their existing obligations, and impair ECRED's ability to effectively deploy its capital or realize its Investments on favorable terms.

Any of the foregoing events could result in substantial or total losses to ECRED in respect of certain Investments, which losses will likely be exacerbated by the presence of leverage in a Portfolio Entity's capital structure.

¹² For the period from 1 January 2023 to 31 December 2023, gross subscriptions were €145.7 million and gross redemptions were €13.2 million.

While Blackstone Credit expects that the current environment will yield attractive investment opportunities for ECRED, there can be no assurances that conditions in the global financial markets will not worsen and/or adversely affect one or more of ECRED's Investments, its access to capital for leverage or ECRED's overall performance. As more fully described above, ECRED's investment strategy and the availability of opportunities satisfying ECRED's risk-adjusted return parameters rely in part on the continuation of certain trends and conditions observed in the market for Investments (e.g., the inability of certain companies to obtain financing solutions from traditional lending sources or otherwise access the capital markets) and the broader financial markets as a whole, and in some cases the improvement of such conditions. Trends and historical events do not imply, forecast or predict future events and, in any event, past performance is not necessarily indicative of future results. There can be no assurance that the assumptions made or the beliefs and expectations currently held by Blackstone Credit will prove correct, and actual events and circumstances may vary significantly. Any of the foregoing events could result in substantial or total losses to ECRED in respect of certain Investments, which losses will likely be exacerbated by the presence of leverage in an issuer's capital structure.

In addition, economic problems in a single country are increasingly affecting other markets and economies. A continuation of this trend could adversely affect global economic conditions and world markets and, in turn, could adversely affect ECRED's performance.

Inflation

Inflation and rapid fluctuations in inflation rates have had in the past, and may in the future have, negative effects on economies and financial markets, particularly in emerging economies. For example, if a Portfolio Entity is unable to increase its revenue in times of higher inflation, its profitability may be adversely affected. Portfolio Entities may have revenues linked to some extent to inflation, including without limitation, by government regulations and contractual arrangement. As inflation rises, a Portfolio Entity may earn more revenue but may incur higher expenses. As inflation declines, a Portfolio Entity may not be able to reduce expenses commensurate with any resulting reduction in revenue. Furthermore, wages and prices of inputs increase during periods of inflation, which can negatively impact returns on investments. In an attempt to stabilize inflation, countries may impose wage and price controls or otherwise intervene in the economy. Governmental efforts to curb inflation often have negative effects on the level of economic activity. There can be no assurance that inflation will not become a serious problem in the future and have an adverse impact on ECRED's returns. Certain countries, including the U.S., have recently seen increased levels of inflation and there can be no assurance that continued and more wide-spread inflation will not become a serious problem in the future and have an adverse impact on ECRED's returns.

Rising Interest Rates

In 2023, the U.S. Federal Reserve, the European Central Bank and other relevant central banks raised benchmark overnight interest rates on multiple occasions. The interest rates may further increase, decrease or remain the same in 2024. The private credit industry generally, and ECRED's investment activities in particular, are affected amongst other things by rising or continuously maintained high interest rates. Rising or continuously maintained high interest rates could adversely impact the value of ECRED's debt instruments and thus the NAV price per Shares, including due to (a) a decline in the market price of debt instruments generally (including due to a perceived increase in counterparty default risk) and (b) default from debt instruments' issuers and counterparties in which ECRED invested or transacted with (including due to the recoveries' expenses incurred by ECRED where applicable). Furthermore, rising and/or interest rate fluctuations could adversely affect the ability of ECRED and its Portfolio Entities to carry on normal financing activities, such as obtaining committed debt financing for acquisitions, bridge financings or permanent financings (or increase the costs of such activity) thus adversely affecting ECRED's ability to generate attractive investments returns. Finally rising and/or interest rates' fluctuations are likely to affect the level and volatility of securities prices and the liquidity of ECRED's Investments, which could impair ECRED's profitability, result in losses, impact ECRED's investment returns and limit ECRED's ability to satisfy Redemption Requests.

Conflicts of Interest

Blackstone Credit has conflicts of interest, or conflicting loyalties, as a result of the numerous activities and relationships between and among Blackstone Credit, Blackstone, the Sponsor, ECRED, the Other Blackstone Credit Clients, the Other Clients, the Portfolio Entities of ECRED and Other Clients and affiliates, partners, members, shareholders, officers, directors and employees of the foregoing, some of which are described herein. In addition, as a consequence of Blackstone holding a controlling interest in the Sponsor and Blackstone's status as a public company, the officers, directors, members, managers and employees of Blackstone Credit will take into account certain additional considerations and other factors in connection with the management of the business and affairs of ECRED and its affiliates that would not necessarily be taken into account if Blackstone were not a public company. Not all potential, apparent and actual conflicts of interest are included in this Prospectus, and additional conflicts of interest could arise as a result of new activities, transactions or relationships commenced in the future. Potential Shareholders should review this section and the Sponsor's Form ADV carefully before making an investment decision. Blackstone and its personnel may in the future engage in further activities that may result in additional conflicts of interest not addressed below.

If any matter arises that the Sponsor and its affiliates (including Blackstone Credit and the Investment Managers) determines in its good faith judgment constitutes an actual and material conflict of interest, the Sponsor and relevant affiliates will take the actions they determine in good faith may be necessary or appropriate to mitigate and/or disclose the conflict, which will be deemed to fully satisfy any fiduciary duties they may have to ECRED or the Shareholders. Upon taking such actions, the Sponsor and relevant affiliates will be relieved of any liability related to such conflict to the fullest extent permitted by law and shall be deemed to have satisfied applicable fiduciary duties related thereto to the fullest extent permitted by law.

Actions that could be taken by the Sponsor or its affiliates to mitigate a conflict include, by way of example and without limitation, (i) if applicable, handling the conflict as described in this Prospectus, (ii) obtaining from the Board of Directors (or the non-affiliated members of the Board of Directors) advice, waiver or consent as to the conflict, or acting in accordance with standards or procedures approved by the Board of Directors to address the conflict, (iii) disposing of the investment or security giving rise to the conflict of interest, (iv) disclosing the conflict to the Board of Directors, including non-affiliated members of the Board of Directors, as applicable, or Shareholders (including, without limitation, in distribution notices, financial statements, letters to Shareholders or other communications), (v) appointing an independent representative to act or provide consent with respect to the matter giving rise to the conflict of interest, (vi) validating the arms-length nature of the transaction by referencing participation by unaffiliated third parties, (vii) in the case of conflicts among clients, creating groups of personnel within Blackstone separated by information barriers (which can be expected to be temporary and limited purpose in nature), each of which would advise or represent one of the clients that has a conflicting position with other clients, (viii) implementing policies and procedures reasonably designed to mitigate the conflict of interest, or (ix) otherwise handling the conflict as determined appropriate by the Sponsor in its good faith reasonable discretion.

ECRED is subject to certain conflicts of interest arising out of ECRED's relationship with Blackstone, including the Sponsor and its affiliates. Members of the Board of Directors are also executives of Blackstone and/or one or more of its affiliates. There is no guarantee that the policies and procedures adopted by ECRED, the terms of its Articles of Incorporation, the terms and conditions of the Investment Management Agreement, that the policies and procedures adopted by the Board of Directors, the Sponsor, the AIFM, Blackstone and their affiliates, will enable ECRED to identify, adequately address or mitigate these conflicts of interest, or that the Sponsor will identify or resolve all conflicts of interest in a manner that is favorable to ECRED.

Risks and conflicts of interest are discussed in greater detail in Section XVII - "*Risk Factors, Potential Conflicts of Interest and Other Considerations*" of the Prospectus.

To the Board of Directors of
Blackstone European Private Credit Fund SICAV
11-13 Boulevard de la Foire
L-1528 Luxembourg

REPORT OF THE *RÉVISEUR D'ENTREPRISES AGRÉÉ*

Opinion

We have audited the financial statements of Blackstone European Private Credit Fund SICAV, referred to as the “Fund”, which comprise the statement of financial position as at 31 December 2023 and the statements of comprehensive income, changes in amounts attributable to shareholders, and cash flows for the year then ended, and notes to the financial statements, including material accounting policy information and other explanatory information.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund as at 31 December 2023, and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union.

Basis for Opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “*Commission de Surveillance du Secteur Financier*” (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the “Responsibilities of the “*réviseur d’entreprises agréé*” for the Audit of the Financial Statements” section of our report. We are also independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board of Directors is responsible for the other information. The other information comprises the AIFMD required disclosures (not fully included in this reporting), which are expected to be made available to us after the date of this auditor’s report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

When we read the AIFMD required disclosures (not fully included in this reporting), if we conclude that the information therein is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated, we are required to communicate the matter to the Board of Directors.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors is responsible for the preparation and fair presentation of the financial statements in accordance with IFRSs as adopted by the European Union, and for such internal control as the Board of Directors determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Fund or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "réviseur d'entreprises agréé" for the Audit of the Financial Statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the "réviseur d'entreprises agréé" that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law dated 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law dated 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the "*réviseur d'entreprises agréé*" to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the "*réviseur d'entreprises agréé*". However, future events or conditions may cause the Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities and business activities within the Fund to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the Fund audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

For Deloitte Audit, *Cabinet de révision agréé*

Ronan Richard, *Réviseur d'entreprises agréé*

Notes to the Financial Statements

1. Corporate information and principal activities

Blackstone European Private Credit Fund SICAV (“ECRED Feeder SICAV”) is an open-ended multi-compartment Luxembourg company with variable capital (*société d’investissement à capital variable*) incorporated on 29 April 2022 and governed by Part II of the Luxembourg law of 17 December 2010, as amended (the “2010 Law”) and established as a public limited liability company (*société anonyme*) in accordance with the law of 10 August 1915 on commercial companies. ECRED Feeder SICAV is authorized and supervised by the Luxembourg supervisory authority, the Commission de Surveillance du Secteur Financier (the “CSSF”). Any capitalised term not otherwise defined herein shall have the meaning ascribed to it in the version of the prospectus of ECRED Feeder SICAV applicable at the date of issuance of these financial statements (“the Prospectus”).

ECRED Feeder SICAV will continue for an indefinite period of time unless put into liquidation in certain specified circumstances. The registered address of ECRED Feeder SICAV is 11-13, boulevard de la Foire, L-1528 Luxembourg and the registration number is B267471.

Principal activities

ECRED Feeder SICAV is a vehicle for investment into ECRED. ECRED is a credit investment program operated through several entities and the term “ECRED” is used throughout these financial statements to refer to the program as a whole. The primary vehicle for investors to subscribe to ECRED is ECRED Feeder SICAV.

ECRED invests primarily in privately originated and negotiated loans to European companies, focusing on floating rate, first lien and senior secured investments. ECRED seeks to deliver attractive risk adjusted returns, primarily through current income, with some balance derived from longer-term capital appreciation. Further details on the investment objectives and strategy can be found in the Management Report.

Corporate structure

Blackstone European Private Credit Fund (Master) FCP (“ECRED Master FCP”), a Luxembourg mutual fund (*fonds commun de placement*) governed by Part II of the 2010 Law, is the master fund for ECRED Feeder SICAV. ECRED Master FCP is authorized and governed by the CSSF.

ECRED Feeder SICAV and ECRED Master FCP are alternative investment funds under the amended law of 12 July 2013 relating to Alternative Investment Fund Managers (the “2013 Law”). Blackstone Europe Fund Management S.à r.l. (the “AIFM”), has been appointed as alternative investment fund manager under the 2013 Law in order to perform the investment management (including both portfolio and risk management), oversight, valuation and certain other functions. The registered office of the AIFM is 2-4 rue Eugene Ruppert, L-2453 Luxembourg. The AIFM is also the management company of ECRED Master FCP (in this capacity “the Management Company”). The AIFM has delegated its portfolio management function to Blackstone Alternative Credit Advisors L.P. (the “Investment Manager”). The Investment Manager has discretion to make investments on behalf of ECRED Feeder SICAV and ECRED Master FCP. The Investment Manager has delegated the portfolio management function of ECRED Feeder SICAV relating to broadly syndicated, quasi-liquid and other liquid Investments (the “Liquid Portfolio”) to Blackstone Ireland Limited (the “Sub-Investment Manager” and together with the Investment Manager, the “Investment Managers”).

Collectively ECRED Feeder SICAV and ECRED Master FCP are referred to as “the Funds”. ECRED (Aggregator) SCSp (“ECRED Aggregator”), a Luxembourg special limited partnership (*société en commandite spéciale*), is a vehicle incorporated to indirectly hold the investments of the Funds.

2. Accounting policies

These financial statements are presented for the year ended 31 December 2023 and were approved for issue on 29 April 2024 by the Board of Directors.

Comparative financial information is for the period 29 April 2022, the date of incorporation of ECRED Feeder SICAV, to 31 December 2022.

Shareholders can obtain the financial results of ECRED Master FCP for the year on request to the AIFM.

a) Basis of accounting

These financial statements have been prepared in accordance with International Financial Reporting Standards as adopted by the European Union ("IFRS"). No IFRS standards have been adopted early and there are no new or amended standards that are expected to have a material impact on the financial statements of ECRED Feeder SICAV. There have been no changes to previously applied accounting policies in the year.

The functional and presentational currency is the Euro (EUR).

These financial statements have been prepared on a historical cost basis, except for financial assets and financial liabilities held that have been measured at fair value through profit and loss.

The financial statements for the year ending 31 December 2023 presented herein consist of a Statement of Financial Position, a Statement of Comprehensive Income, a Statement of Changes in Amounts Attributable to Shareholders, a Statement of Cash Flows and a Schedule of Investments.

As further described in note 2d, ECRED Feeder SICAV has no financial instruments classified as equity. The Statement of Changes in Amounts Attributable to Shareholders is presented in lieu of a Statement of Changes in Equity.

In preparing these financial statements, management has made judgements and estimates that affect the application of the Fund's accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognized prospectively.

Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year is included in note 3c and relates to the determination of fair value of financial instruments with significant unobservable inputs.

Net Asset Value Attributable to Shareholders

ECRED Feeder SICAV's Net Asset Value is determined monthly in accordance with the valuation policy of ECRED, as well as the terms of the Prospectus and the valuation policy of BEFM (collectively the "Valuation Policy"), and sets the price at which shares in ECRED Feeder SICAV are subscribed/ redeemed. The Valuation Policy is aligned with the recognition and measurement requirements of IFRS. However, Net Asset Value is not a measure used under IFRS and the valuations of, and certain adjustments made to, assets and liabilities used in the determination of NAV may differ from IFRS. The determination of Net Asset Value takes into account the market impact of specific events as they occur, based on assumptions and judgments that may or may not prove to be correct, and may also be based on the limited information readily available at that time.

€000's	As at 31 December 2023	As at 31 December 2022
Amounts attributable to shareholders (IFRS)	232,442	92,848
<i>Organizational and Offering Expenses, initial fund expenses and discretionary expense cap adjustment</i>		
<i>Adjustment at beginning of period</i>		
Fund's liability recognized under IFRS	7,539	-
	7,539	-
<i>Change in adjustment for period</i>		
Increase in Fund's liability recognized under IFRS	5,269	7,539
	5,269	7,539
	12,808	7,539
Net Asset Value attributable to shareholders	245,250	100,387

Going concern

These financial statements have been prepared on a going concern basis. In the opinion of the Directors, there are no material uncertainties in reaching this conclusion. The Investment Manager has prepared liquidity forecasts which show that, for at least the next 12 months, ECRED Feeder SICAV will have sufficient funds to meet its obligations to third parties as they fall due. Redemptions are satisfied in accordance with the Prospectus of ECRED Feeder SICAV.

b) Consolidation exemption for Investment Entities

ECRED Feeder SICAV has multiple unrelated investors and holds multiple investments indirectly through ECRED Master FCP and ECRED Aggregator. The Directors have determined that ECRED Feeder SICAV meets the definition of an investment entity, according to IFRS 10, because the following conditions exist:

- ECRED Feeder SICAV has obtained funds for the purpose of providing investors with professional investment management services;
- ECRED Feeder SICAV's business purpose, which was communicated directly to investors, is investing for current income and capital appreciation; and
- The investments are measured and evaluated on a fair value basis.

ECRED Feeder SICAV does not have any subsidiaries other than those determined to be controlled subsidiary investments. Controlled subsidiary investments are measured at fair value through profit or loss and are not consolidated in accordance with IFRS 10. The fair value of controlled subsidiary investments are determined on a consistent basis to all other investments measured at fair value through profit or loss, and as described in the fair value estimation notes below.

ECRED Feeder SICAV's direct and indirect investments are disclosed in note 3b.

Additional disclosures on the underlying investments held within the ECRED structure are included in the Schedule of Investments and note 3.

c) Foreign currency translation

Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rate prevailing at the Statement of Financial Position date. Foreign exchange gains and losses arising from translation are included in the Statement of Comprehensive Income.

d) Financial instruments

ECRED Feeder SICAV classifies all of its investment portfolio as financial assets or liabilities at fair value through profit or loss.

Financial assets

Other than investments in subsidiaries, all financial assets are measured at amortized cost. Financial assets include cash and cash equivalents and receivables. Cash and cash equivalents include cash in hand and cash held by the Depositary (as defined in note 9) from subscriptions received in advance (see note 2e). At 31 December 2023 and 31 December 2022, the carrying amounts of cash and cash equivalents and receivables approximate their fair values.

Financial liabilities

Other than amounts attributable to shareholders, all financial liabilities are measured at amortized cost. Financial liabilities include trade and other payables, distribution payable, redemption payable, subscriptions received in advance and amounts attributable to shareholders.

Other than amounts attributable to shareholders, all financial liabilities are initially recognized at fair value less any transaction costs that are directly attributable to the liability and are subsequently carried at amortized cost using the effective interest rate method. Where payment terms are deferred, the future cash flows are discounted at a market rate of interest. At 31 December 2023 and 31 December 2022, the carrying amounts of trade and other payables and distribution payable approximate their fair values.

Amounts attributable to shareholders are initially recognized at fair value, which is taken to be the proceeds received for the shares issued. Subsequently the carrying amount is adjusted for the allocation of profit or loss attributable to that share class, less any distributions or redemptions.

Liabilities to settle satisfied redemptions of shares are transferred to a separate liability in the Statement of Financial Position at the Redemption Date (see note 8). Redemption Requests which are not satisfied (termed 'outstanding redemptions') remain included in amounts attributable to shareholders. There were no outstanding redemptions as at 31 December 2023 and 31 December 2022. Distributions are recognized as a separate liability when they are declared.

Classification of shareholders' investment into ECRED Feeder SICAV as a financial liability

Shareholders have the right to request a redemption of their investment in ECRED Feeder SICAV. Payment of redemptions is subject to the redemption caps as described in ECRED Feeder SICAV's Prospectus and may be deferred in certain circumstances (redemption terms are summarized in note 8). However, the contractual obligation to redeem is not extinguished and hence there is a contractual obligation to deliver cash to shareholders. Therefore, shareholders' investments in ECRED Feeder SICAV are classified as financial liabilities. The impact of this judgement is that distributions are presented as an expense in the Statement of Comprehensive Income.

e) Subscriptions received in advance

Subscriptions received in advance represent amounts received for subscriptions prior to the trade date when shares are issued. The cash from subscriptions is included in cash and cash equivalents along with an offsetting liability until shares are issued.

f) Revenue

Revenue includes interest income. Interest income is recognized on a time-proportion basis, using the effective interest method and includes interest from cash and cash equivalents.

g) Fees

The Management Fee, servicing fee and other administrative fees are recognized in the Statement of Comprehensive Income when the related services are received.

h) Tax

ECRED Feeder SICAV is not subject to any income taxes as defined in IAS 12 Income taxes. Instead, Luxembourg subscription tax is charged (see note 7) which is computed on net assets rather than profit. The subscription tax charge is therefore presented as an operating expense in the Statement of Comprehensive Income.

i) Statement of Cash Flows

The direct presentation method for the Statement of Cash Flows has been adopted. Distributions to shareholders are presented as an operating cash flow as these are funded from operational cash flows from investments.

3. Investments at Fair Value

a) Reconciliation of Investments at fair value

Investments at fair value represents ECRED Feeder SICAV's investment in ECRED Master FCP. At 31 December 2023, ECRED Feeder SICAV owned 100% of the Class F units issued by ECRED Master FCP, representing 100% of all units issued (by value). The following table presents the movement of fair value of ECRED Feeder SICAV's investment in ECRED Master FCP in the year to 31 December 2023 and the period from 29 April 2022 (date of incorporation) to 31 December 2022.

€000's	Year to 31 December 2023	29 April 2022 to 31 December 2022
Opening fair value (Valuation Policy)	100,532	-
Exclude adjustments to obtain Net Asset Value	(7,314)	-
Opening fair value (IFRS)	93,218	-
Contributions	140,068	98,696
Redemptions	(13,216)	-
<i>Gain/(loss) on change in fair value</i>		
Gain/(loss) before Performance Participation Allocation	15,615	(5,478)
Share of Performance Participation Allocation	(2,041)	-
	13,574	(5,478)
Closing fair value (IFRS)	233,644	93,218
Adjustments to obtain Net Asset Value	12,150	7,314
Closing fair value (Valuation Policy)	245,794	100,532

b) Financial assets at fair value through profit and loss

Investments at fair value represents ECRED Feeder SICAV's investment in ECRED Master FCP. At 31 December 2023, ECRED Feeder SICAV owned 100% of the Class F units issued by ECRED Master FCP, representing 100% of all units issued (by value). The table below presents the movement of fair value of ECRED Feeder SICAV's investment in ECRED Master FCP in the year to 31 December 2023 and the period from 29 April 2022 (date of incorporation) to 31 December 2022.

Name of entity	Place of business/ country of Incorporation	Direct or Indirect	Ownership interest held by the	Direct or Indirect	Ownership interest held	Principal activities
		Ownership interest held by ECRED Feeder SICAV 2023 (%)	non-controlling interests 2023 (%)	Ownership interest held by ECRED Feeder SICAV 2022 (%)	by the non-controlling interests 2022 (%)

BX Lomond Direct Lending SCSp	Luxembourg	100	-	100	-	Investment holding
BX Lomond Holding SCSp	Luxembourg	100	-	100	-	Investment holding

* BX Thames S.à r.l. was formerly known as BX Shipston I S.à r.l.

The objective of the entities is to carry out transactions pertaining directly to ECRED's investment objective.

No financial or other support was provided to unconsolidated subsidiaries during the year under review by ECRED Feeder SICAV and ECRED Feeder SICAV has no commitment, contractual obligation or intention to provide financial or other support to the subsidiaries in the near future.

As at 31 December 2023 and 31 December 2022, there were no significant restrictions on the ability of the unconsolidated subsidiaries to transfer funds to ECRED Feeder SICAV in the form of cash dividends or repayment of capital.

c) Fair value

Valuation oversight

The AIFM is responsible for the proper and independent valuation of the assets of ECRED Feeder SICAV. The Investment Manager provides valuation advice and assists the AIFM in the valuation of the assets of ECRED Feeder SICAV, while the AIFM ensures that the valuation function is independent from the Investment Manager and performed in accordance with applicable law.

The AIFM has engaged Valuation Research Corporation ("VRC") to serve as independent valuation advisor with respect to debt and other securities. VRC will review the quarterly internal valuations prepared by the AIFM.

Fair value methodology

The fair value of ECRED Feeder SICAV's interest in ECRED Master FCP at the end period is based on the month-end values of Investments (including Debt and Other Securities), the addition of the value of any other assets (such as cash on hand), and the deduction of any liabilities, including the allocation/accrual of the Management Fee and the Performance Participation Allocation and the deduction of expenses attributable to certain Classes, such as applicable servicing fees, determined in accordance with the Valuation Policy adopted for ECRED. Methodologies used to determine fair value on material components of the valuation that are subject to significant estimation uncertainty are described below. For other material components (for example cash and working capital) the fair value approximates the IFRS carrying value on a historical cost basis.

Loans and securities

Loans and securities will be valued by the AIFM, in each case with the support of the Investment Managers (as applicable), based on market quotations or at fair value determined in accordance with the Valuation Policy.

Readily available market quotations

Investments for which market quotations are readily available will typically be valued at those market quotations. To validate market quotations, the AIFM will utilize a number of factors to determine if the quotations are representative of fair value, including the source and number of the quotations. Where it is possible to obtain reliable, independent market quotations from a third-party vendor, the AIFM will use these quotations to determine the value of the investments. The AIFM utilizes mid-market pricing (i.e. mid-point of average bid and ask prices) to value these investments. The AIFM obtains these market quotations from independent pricing services, if available; otherwise from at least two principal market makers or primary market dealers.

No readily available market quotations

If market quotations are not readily available (or are otherwise not reliable for a particular Investment), the fair value will be determined in good faith by the AIFM. Due to the inherent uncertainty of these estimates, estimates of fair value may differ from the values that would have been used had a ready market for these Investments existed and the differences could be material. Market quotes are considered not readily available in circumstances where there is an absence of current or reliable market-based data (e.g., trade information, bid/ask information, or broker-dealer quotations). Certain Investments, such as mezzanine loans, privately originated loans, or preferred equity, are unlikely to have market quotations. The AIFM and Investment Manager will utilize generally accepted valuation methodologies to value such Investments.

In the case of loans acquired by, or originated by ECRED Feeder SICAV, such initial value will generally be the acquisition price of such loan. Each such Investment will then be valued by the AIFM within the first three full months after ECRED Feeder SICAV makes such Investment and no less frequently than quarterly thereafter. For each month that the AIFM does not perform a valuation, it will review such loans to confirm that there have been no significant events that would cause a material change in its value. An independent valuation advisor will assess the quarterly assets valuations and provide ECRED Feeder SICAV with an independent range of values. In the month in which the independent valuation appraisal is received, the AIFM's end of month valuation must fall within the range of the independent appraisal; however, valuations thereafter may be outside of the range of values provided in the most recent independent appraisal.

Investments in Other BX Funds

Any Investments of ECRED Feeder SICAV in any Other BX Fund will be valued based on the aggregate NAV of the relevant BX Fund's interests held by ECRED Feeder SICAV, as determined from the most recent available NAV per unit of such Other BX Fund. The AIFM may, but is not obligated to, incorporate into ECRED Feeder SICAV's NAV an unreported estimated determination of a relevant Other BX Funds NAV per unit that is more recent than the latest reported NAV per unit for such Other BX Fund, to the extent available. None of the AIFM, the Investment Managers, the general partner, manager and/or investment advisor of such Other BX Fund (as applicable) is obligated to monitor such Other BX Fund's investments for events that could be expected to have a material impact on such Other BX Fund's NAV during a quarter.

Liabilities

With respect to each Class of Shares, the AIFM will include the fair value of such Class's pro rata portion of ECRED Feeder SICAV's liabilities as part of the Class's monthly NAV calculation. These liabilities are expected to include the fees payable to the Investment Manager, the AIFM, any accrued Performance Participation Allocation, accounts payable, accrued operating expenses, any portfolio-level facilities, other borrowings and other liabilities.

Estimation uncertainty

Information about assumptions and estimation uncertainties at the reporting date that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the next financial year are included below and relates to the determination of fair value of financial instruments with significant unobservable inputs.

ECRED Feeder SICAV is required to classify, for disclosure purposes, fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that ECRED Feeder SICAV can access at the measurement date;
- Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs that have been applied in valuing the respective asset or liability.

ECRED Feeder SICAV considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

Fair value hierarchy analysis

The table below shows the fair value hierarchy categorization for ECRED Feeder SICAV's financial instruments carried at fair value at 31 December 2023 and 31 December 2022.

€000's	Level 1	Level 2	Level 3	Total
31 December 2023				
Financial Assets				
Investments at fair value	-	-	233,644	233,644
Total	-	-	233,644	233,644

€000's	Level 1	Level 2	Level 3	Total
31 December 2022				
Financial Assets				
Investments at fair value	-	-	93,218	93,218
Total	-	-	93,218	93,218

Investments classified within Level 3 make use of significant unobservable inputs in deriving fair value, because they trade infrequently. Since observable prices are not available for these securities, ECRED Feeder SICAV has used valuation techniques to derive the fair value.

Because of the inherent uncertainties associated with the valuation, the carrying amount of investments at the year end may differ significantly from the value that could be realized in an arm's length transaction.

The following table shows the fair value hierarchy categorization for the investments held at the underlying subsidiaries at 31 December 2023 and 31 December 2022.

€000's	Level 1	Level 2	Level 3	Total
31 December 2023				
Financial Assets				
Financial assets at fair value through profit or loss	-	185,836	313,679	499,515
Derivative financial assets	-	912	-	912
Financial Liabilities

4. Cash and cash equivalents

Restricted cash

Cash and cash equivalents comprises cash held by the Depositary (as defined in note 9), and includes balances related to subscriptions received in advance (see note 6). Cash for subscriptions is received in advance of the subscription date on the first day of each month. Such cash is held in a separate bank account managed by the Depositary and is not available for use until the subscription date.

€000's	As at	As at
	31 December 2023	31 December 2022
Cash at bank	715	184
Restricted cash	11,512	1,240
Total cash and cash equivalents	12,227	1,424

5. Trade and other payables

€000's	As at	As at
	31 December 2023	31 December 2022
Non-current liabilities		
Accruals	506	211
Current liabilities		
Servicing fee payable	327	159
Accruals	163	11
Total trade and other payables	996	381

6. Subscriptions received in advance

Subscriptions received in advance remain as unsecured creditors, in respect of amounts paid for shares in advance of the subscription date on the first day of each month, until the issuance of the shares has been completed.

€000's	Year to	29 April 2022 to
	31 December 2023	31 December 2022
Balance at the start of the period	1,240	-
Proceeds for issue of shares	155,948	100,284
Issue of shares	(145,676)	(99,044)
Total subscriptions received in advance	11,512	1,240

7. Expenses

€000's	Year to	29 April 2022 to
	31 December 2023	31 December 2022
Depositary fees	109	24
Subscription tax	-	-
Other expenses	328	198
Expenses excluding servicing fees	437	222
Servicing fees for Class A shareholders	909	159
Total expenses	1,346	381

Management Fee and AIFM Fee

Details on fees payable to the Investment Manager and the AIFM can be found in note 10.

Discretionary Expense Cap

Refer to note 10a for details on the expense cap which applied from 1 October 2023. Expenses included the table above are not directly impacted by the expense cap. The expense cap is determined based on Fund Expenses across ECRD and is funded, in cash, by the Investment Manager to ECRD Aggregator, for the benefit of all investors in ECRD.

Fees payable to the auditor

ECRED Feeder SICAV's auditor is Deloitte Audit S.à r.l. ("Deloitte"). Deloitte's fee for the audit of these financial statements is €30.5k (31 December 2022: €28.5k) and is included in Other expenses in the above table. In addition, Deloitte is the auditor of ECRED Master FCP, ECRED Aggregator and certain of its subsidiaries for which Deloitte's fees total €352.0k (31 December 2022: €126.4k). Deloitte provides tax compliance services to ECRED Feeder SICAV. Fees for the year were €6.1k (period to 31 December 2022: €8.1k) and is included in Other expenses in the above table. Deloitte also provides tax compliance services to direct and indirect subsidiaries of ECRED Feeder SICAV. Fees for the year were €66.7k (period to 31 December 2022: €94.0k).

Servicing fee

Holders of Class A shares in ECRED Feeder SICAV are subject to a servicing fee of 0.85% per annum (calculated monthly) on the Net Asset Value, prior to accrual of the servicing fee, distributions and redemptions, of such shares. Class I shares do not incur a servicing fee.

Luxembourg subscription tax

Luxembourg subscription tax for the year ended 31 December 2023 is €38 (period to 31 December 2022: €5).

8. Net Asset Value attributable to shareholders

Terms of the share classes set out below are intended to be an aide-mémoire and for compliance with the requirements of IFRS. Shareholders should refer to ECRED Feeder SICAV's Prospectus for the full terms applicable to their shares.

Classes of Shares

During the year ECRED Feeder SICAV had issued shares in six classes: Class I_D, I_A, A_D, A_A, A_D-Italy and A_A-Italy. Except as otherwise described below, the terms are identical for each class of shares.

Class A_A, Class I_A and Class A_A-Italy shares are "Accumulation Sub-Class" shares and Class A_D, Class I_D and Class A_D-Italy shares are "Distribution Sub-Class" shares. Shareholders that subscribe for Distribution Sub-Class shares will receive, in cash, any distributions that ECRED Feeder SICAV pays in respect of such classes. No distributions are paid on the Accumulation Sub-Class shares, the value of distributions that would have otherwise been paid are reflected in the value of those shares.

Class A_A, Class A_D, Class A_D-Italy and Class A_A-Italy shareholders are charged a servicing fee (see note 7) of 0.85% per annum payable to their financial intermediary. No servicing fee is payable on Class I_A or Class I_D shares.

Subscriptions

Subscriptions to purchase shares may be made on an ongoing basis and are effective as of the first calendar day of each month (a "Subscription Date"). The offering price will equal the Net Asset Value per share of the applicable share class determined as of the last calendar day of the previous month. The Investment Manager may accept, delay acceptance, or reject subscriptions in its sole discretion, including choosing to reject or delay acceptance of all subscriptions for a given month.

Redemptions

Shareholders may request to have some, or all of their shares redeemed (a "Redemption Request") as of the closing of the last calendar day of each month (each a "Redemption Date") by submitting a notice on or before the first business day of such month. Amounts distributed in connection with a redemption will be based upon the Net Asset Value per share of the applicable share class as of the last calendar day of the applicable month, except for shares that have been held for a period of less than 12 months in which case an early redemption deduction equal to 2% of the value of the Net Asset Value of the shares being redeemed will apply (the "Early Redemption Deduction"). Early Redemption Deduction will inure indirectly to the benefit of the ECRED Aggregator and hence indirectly to investors in all Funds.

It is expected that settlements of share redemptions will generally be made within 60 calendar days of the Redemption Date. No distributions are payable on shares subject to a Redemption Request after the Redemption Date.

The aggregate Net Asset Value of total redemptions across ECRED is generally limited to 2% of aggregate Net Asset Value per month of ECRED and 5% of such aggregate Net Asset Value per calendar quarter. In exceptional circumstances and not on a systematic basis, ECRED Feeder SICAV may make exceptions to, modify or suspend, in whole or in part, the redemption program if in the Investment Manager's reasonable judgement it deems such action to be in the Funds' best interest and the best interest of the Funds' investors,

such as when redemptions of shares would place an undue burden on liquidity, adversely affect operations, risk having an adverse impact on ECRED that would outweigh the benefit of redemptions of shares or as a result of legal or regulatory changes.

In the event that, pursuant to the limitations above, not all of the shares submitted for redemption during a given month are to be accepted for redemption by ECRED Feeder SICAV, shares submitted for redemption during such month will be redeemed on a pro rata basis (measured on an aggregate basis (without duplication) across ECRED if applicable). A Redemption Request that has been agreed to be paid, and hence excluded from Net Asset Value, is termed a satisfied redemption. Redemptions Requests which are not satisfied are described as outstanding redemptions. All outstanding redemptions will be automatically resubmitted for the next available Redemption Date, unless such a Redemption Request is withdrawn or revoked by a shareholder before such Redemption Date.

At 31 December 2023 and 31 December 2022, ECRED Feeder SICAV had no outstanding redemptions.

Allocation of profits

Profits are allocated to shareholders each month based on the relative Net Asset Value of each share class on the first day of the month (after subscriptions for that month). Servicing fees are allocated solely to the share class to which the fee relates.

Distributions

ECRED Feeder SICAV intends to declare monthly distributions as authorized by the Investment Manager. Any distributions ECRED Feeder SICAV makes are at the discretion of the Investment Manager, considering factors such as earnings, cash flow, capital needs, taxes and general financial condition and the requirements of applicable law. The per share amount of distributions on Class A and Class I shares will generally differ because of servicing fees. As a result, ECRED Feeder SICAV's distribution rates and payment frequency may vary from time to time. There is no assurance ECRED Feeder SICAV will pay distributions in any particular amount, if at all.

ECRED Feeder SICAV has declared and/or paid the following distributions per share for the year ended 2023 and period ended 2022:

Capital Management

ECRED Feeder SICAV's investment objective is to generate attractive risk adjusted returns, primarily through current income, with some balance derived from longer-term capital appreciation. The Board, with the assistance of the Investment Manager, monitors ECRED Feeder SICAV's capital so as to promote the long-term success of the business and achievement of its investment objectives. ECRED Feeder SICAV considers proceeds from issue of shares (which are classified as liabilities in the Statement of Financial Position), external borrowings and retained profits as its capital. Under Luxembourg law ECRED Feeder SICAV is required to maintain a minimum capital balance of €1.25 million.

Leverage

ECRED Feeder SICAV will not incur indebtedness, directly or indirectly, that would cause the Leverage Ratio (as defined in the Prospectus) to be in excess of 67%, *provided*, that no remedial action will be required if the Leverage Limit is exceeded for any reason other than the incurrence of an increase in indebtedness (including the exercise of rights attached to an Investment). At 31 December 2023, ECRED's Leverage Ratio was 35.97% (31 December 2022: 43.43%).

9. Financial risk management

Risk management oversight

The AIFM

The AIFM is responsible for the risk management function of ECRED Feeder SICAV. The AIFM is authorized as an alternative investment fund manager and supervised by the CSSF.

The AIFM has established and maintains a dedicated risk management function that implements effective risk management policies and procedures in order to identify, measure, manage and monitor on an ongoing basis all risks relevant to ECRED Feeder SICAV's investment objective including in particular market, credit, liquidity, counterparty, operational and all other relevant risks.

The risk management staff within the AIFM supervise the compliance of these policies and procedures in accordance with the requirements of applicable circulars or regulation issued by the CSSF or any European authority authorized to issue related regulation or technical standards which are applicable to ECRED Feeder SICAV.

The Depositary

ECRED Feeder SICAV has appointed CACEIS Investor Services Bank S.A. (the "Depositary"), formerly known as RBC Investor Services Bank S.A., as depositary bank and paying agent.

The duties of the Depositary include: the safekeeping of financial instruments that can be held in custody and record keeping and verification of ownership of the other assets; oversight duties, and cash flow monitoring in accordance with applicable Luxembourg law.

Financial instruments

This note presents information about ECRED Feeder SICAV's exposure to risks from its financial instruments other than amounts due to its shareholders which are described in note 8. The only directly held financial instrument of ECRED SICAV is its interest in ECRED Master FCP.

The Directors consider that the objectives of IFRS 7 *Financial Instruments*: Disclosures are met by providing disclosures looking through to the investments held via ECRED Aggregator as well as directly held financial instruments.

Market risk

ECRED Feeder SICAV's strategy with respect to management of market risk is driven by ECRED Feeder SICAV's investment objective. Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. The significant market risks that the ECRED Feeder SICAV is exposed to include interest rate risk, currency risk and other price risk.

Market risk embodies the potential for both gains and loss and includes:

- i. Interest rate risk;
- ii. Currency risk; and
- iii. Other price risk.

i. Interest rate risk

Interest rate risk primarily results from exposures to the volatility of interest rates. The majority of ECRED Feeder SICAV's financial assets are non-interest bearing. ECRED Feeder SICAV is exposed to fluctuations in the prevailing levels of market interest rates.

The table below shows the interest classification of the financial assets and liabilities of ECRED Feeder SICAV at 31 December 2023 and 31 December 2022.

31 December 2023				
€000's	Non-Interest	Fixed	Floating	Total
Financial Assets				
Investments at fair value	233,644	-	-	233,644
Cash and cash equivalents	-	-	12,227	12,227
Redemption receivable	2,172	-	-	2,172
Financial Liabilities				
Trade and other payables	(996)	-	-	(996)
Distribution payable	(931)	-	-	(931)
Redemption payable	(2,162)	-	-	(2,162)
Subscriptions received in advance	(11,512)	-	-	(11,512)
Total	220,215	-	12,227	232,442

31 December 2022				
€000's	Non-Interest	Fixed	Floating	Total
Financial Assets				
Investments at fair value	93,218	-	-	93,218
Cash and cash equivalents	-	-	1,424	1,424
Financial Liabilities				
Trade and other payables	(381)	-	-	(381)
Distribution payable	(173)	-	-	(173)
Subscriptions received in advance	(1,240)	-	-	(1,240)
Total	91,424	-	1,424	92,848

A 100 basis point increase or decrease in interest rates will cause the fair value of ECRED Feeder SICAV's floating rate assets and liabilities to increase or decrease by €122.3k (31 December 2022: €14.2k). 100 basis point represent management's best estimate of a reasonable possible shift in the interest rates, having regard to historical volatility of those rates.

The following table shows the interest classification of the financial assets and liabilities at the subsidiary and indirect subsidiaries level included within ECRED Feeder SICAV's investment in subsidiary held at fair value through profit and loss at 31 December 2023 and 31 December 2022.

31 December 2023				
€000's	Non-Interest	Fixed	Floating	Total
Financial Assets				
Financial assets at fair value through profit and loss	-	-	499,515	499,515

Interest payable on long-term borrowings	(1,052)	-	-	(1,052)
Payable for securities purchased but not yet settled	(18,953)	-	-	(18,953)
Short-term organisation costs payable	(338)	-	-	(338)
Long-term organisation costs payable	(5,469)	-	-	(5,469)
Other payables and accrued expenses	(3,362)	-	-	(3,362)
Total	(26,798)	-	120,016	93,218

A 100 basis point increase or decrease in interest rates will cause the fair value of the subsidiaries' floating rate assets and liabilities to increase or decrease by €3.5 million (31 December 2022: €1.2 million).

At 31 December 2023 and 31 December 2022, the underlying subsidiaries held a portfolio of privately originated debt which exposed ECRED Feeder SICAV to interest rate risk.

ii. Currency Risk

ECRED Feeder SICAV and its subsidiaries may invest in financial instruments and enter into transactions in currencies other than its functional currency. Consequently, ECRED Feeder SICAV is exposed to risk that the exchange rate of its currency relative to other foreign currencies may change in a manner that has an adverse effect on the value of the portfolio of ECRED Feeder SICAV's assets or liabilities denominated in currencies other than Euro.

The exposure of ECRED Feeder SICAV to foreign currency is through its investment in the underlying subsidiaries and regular stress testing is carried out to ensure potential currency events can be managed properly.

The following table describes the subsidiaries and indirect subsidiaries underlying gross exposure to foreign currencies as at 31 December 2023 and 31 December 2022.

31 December 2023

Net exposure	(710)	4,132	(5,235)	(18)	(20)	(128)	136	51,516	49,674	

The table below summarizes the sensitivity of the indirect subsidiaries' monetary assets and monetary liabilities to changes in foreign exchange movements at 31 December 2023 and 31 December 2022. The analysis is based on the assumptions that the relevant foreign exchange rate increased/decreased by the percentage disclosed in the table below, with all other variables held constant.

31 December 2023	Net exposure €000's	Reasonable possible shift in rate	Sensitivity +/- €000's
Pound Sterling	448	+/-3%	13
United States Dollar	(8,341)	+/-3%	(250)
Swedish Krona	87	+/-3%	3
Swiss Franc	65	+/-3%	2
New Zealand Dollar	310	+/-3%	9
Norwegian Krone	278	+/-3%	8
Danish Krone	4,518	+/-3%	136
Total	(2,635)		(79)

31 December 2022	Net exposure €000's	Reasonable possible shift in rate	Sensitivity +/- €000's
Pound Sterling	(710)	+/-3%	(21)
United States Dollar	(5,235)	+/-3%	(157)
Swedish Krona	(18)	+/-3%	(1)
Swiss Franc	(20)	+/-3%	(1)
New Zealand Dollar	(128)	+/-3%	(4)
Norwegian Krone	136	+/-3%	4
Total	(5,974)		(179)

As the Danish Krone is pegged to the Euro, no change in exchange rates between the two currencies is expected.

At year end, had the exchange rate of the Euro increased by 3% against the underlying currencies, with all variables held constant, the increase/decrease in the indirect subsidiaries' net assets is reflected in the table above. A decrease of 3% would have an equal but opposite effect. 3% represents management's best estimate of a reasonable possible shift in the exchange rates, having regard to historical volatility of those rates.

iii. Other price risk

Other price risk is the risk that the value of an instrument will fluctuate as a result of changes in market prices (other than those arising from interest rates or currency exchange rates), whether caused by factors specific to an individual investment, its issuer or all factors affecting all investments traded in the market. As ECREC Feeder SICAV's investment in ECREC Master FCP is carried at fair

value with fair value changes recognized in the Statement of Comprehensive Income, all changes in market conditions will directly affect net investment income or loss.

To mitigate price risk, the Investment Manager maintains single position, industry and geography limits with the objective of constructing a diversified portfolio of investments.

If the fair value of ECRED Feeder SICAV's investments at fair value changed by 1%, the net assets of ECRED Feeder SICAV would increase or decrease by €2.3 million (31 December 2022: €932.2k). In practice, actual trading results may differ from the above sensitivity analysis and the difference could be material.

Credit Risk

Credit risk is the risk that the counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with ECRED Feeder SICAV.

All of ECRED Feeder SICAV's cash accounts are held with the Depository which has a credit rating of AA- (31 December 2022: AA-).

ECRED Feeder SICAV's maximum exposure to credit risk is set out in the table below.

€000's	As at	
	31 December 2023	31 December 2022
Investments at fair value	233,644	93,218
Cash and cash equivalents	12,227	1,424
Redemption receivable	2,172	-
Total assets	248,043	94,642

ECRED Feeder SICAV is exposed to credit risk with respect to its investments, held through its subsidiaries. At 31 December 2023 and 31 December 2022, ECRED Feeder SICAV through its investments in subsidiaries was exposed to the credit risk of a portfolio of privately originated debt.

The credit risk management process begins prior to the investment during the initial analysis of an opportunity and through the credit process. ECRED focuses on the potential investment companies' individual circumstances, assessing the underlying risk which drives ECRED's opinion on pricing, credit risk exposure and the ultimate decision to approve or decline a transaction.

To mitigate its credit risk, ECRED Feeder SICAV monitors the financial position of its financial institutions as well as the credit rating of the underlying financial assets which are held by its subsidiaries. All other positions in the portfolio are not publicly rated.

Refer to the Schedule of Investments for a sector split of the investments held at the level of the underlying subsidiaries as at 31 December 2023 and 31 December 2022.

Liquidity and cash flow risk

Liquidity risk is the risk that ECRED Feeder SICAV will encounter difficulty in meeting obligations associated with its financial liabilities. ECRED Feeder SICAV's financial liabilities are paid monthly, quarterly or on demand. ECRED Feeder SICAV's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under normal and stressed conditions.

The table below analyses ECRED Feeder SICAV's financial liabilities by relevant maturity groupings based on the remaining period at the Statement of Financial Position date to the contractual maturity date. The amounts in the table are the contractual undiscounted cash flows.

31 December 2023 €000's	Cashflows			
	Gross contractual cashflows	<3 months	3 months to 1 year	>1 year
Liabilities				
Trade and other payables	1,131	377	119	635

10. Related party transactions

a) Fees payable to affiliates of Blackstone Inc.

Management Fee

The Investment Manager is entitled to a Management Fee of 1.25% per annum of ECRED's net asset value computed, and paid, monthly. The applicable net asset value is prior to deducting accruals for the Management Fee, the servicing fee (see note 7), the share of the Performance Participation Allocation in ECRED Aggregator, any redemptions for the month, and any distributions declared in the month. The Investment Manager may elect to receive the Management Fee in cash, shares of ECRED Feeder SICAV, units of ECRED Master FCP or units in ECRED Aggregator. The Management Fee was waived for the first six months following the date on which ECRED Feeder SICAV accepted its first subscriptions (being 3 October 2022 to 31 March 2023). The Management Fee for the period 1 April 2023 to 31 December 2023 was €1.6 million (period to 31 December 2022: €0). €509.8k was outstanding at 31 December 2023 (31 December 2022: €0). The Management fee for the year is paid by ECRED Master FCP in accordance with the terms of the Prospectus.

AIFM Fee

From 3 October 2022, the AIFM is entitled to payment of a fee (the "AIFM Fee") up to a maximum of 0.10% per annum of the Net Asset Value of ECRED Feeder SICAV and ECRED Master FCP (without duplication). The AIFM Fee for the year was €77.3k (period to 31 December 2022: €11.3k). €28.5k was outstanding at 31 December 2023 (31 December 2022: €0). The AIFM Fee for the year is paid by ECRED Master FCP.

Performance Participation Allocation

Blackstone European Private Credit Fund Associates L.P., the ECRED Aggregator's special limited partner or any other entity so designated by the general partner of the ECRED Aggregator (the "Recipient") is allocated a performance participation (the "Performance Participation Allocation") by the ECRED Aggregator. The Performance Participation Allocation consists of two components that are independent of each other, with the result that one component may be payable even if the other is not. A portion of the Performance Participation Allocation is based on income and a portion on capital gains.

The portion of the Performance Participation Allocation based on income (the "Income Performance Participation Allocation") is based on Pre-Performance Participation Allocation Net Investment Income Returns. "Pre-Performance Participation Allocation Net Investment Income Returns" means, as the context requires, either the Euro value of, or percentage rate of return on the NAV of the ECRED Aggregator units at the end of the immediate preceding quarter from, interest income, dividend income and any other income (including any other fees (other than fees for providing managerial assistance), such as commitment, origination, structuring, diligence, directors', topping, break-up, transaction, closing, amendment, monitoring, exit, disposition and consulting fees or other fees received in connection with the provision and of capital to and maintenance of investment in current or prospective Portfolio Entities) accrued during the calendar

quarter, minus operating expenses of ECRED Feeder SICAV, ECRED Master FCP accrued for the quarter (including the AIFM Fee, Management Fee, and any interest expense or fees on any credit facilities or outstanding debt and dividends paid on any issued and outstanding preferred shares, but excluding the Performance Participation Allocation, any servicing fees and any other Shareholder servicing and/or distribution fees).

Pre-Performance Participation Allocation Net Investment Income Returns include, in the case of investments with a deferred interest feature (such as original issue discount, debt instruments with PIK interest and zero coupon securities), accrued income not yet received in cash. Pre-Performance Participation Allocation Net Investment Income Returns include realized gains arising from early repayment of loan investments but exclude any other realized capital gains, realized capital losses or unrealized capital appreciation or depreciation.

Pre-Performance Participation Allocation Net Investment Income Returns, expressed as a rate of return on the value of net assets at the end of the immediate preceding quarter, is compared to a "hurdle rate" of return of 1.25% per quarter (5.0% annualized).

The Performance Participation Allocation based on income was waived for the first six months following the date on which ECRED Feeder SICAV accepted its first subscriptions (being 3 October 2022 to 31 March 2023).

For the year to 31 December 2023, €1.9 million (period to 31 December 2022: €0) of Performance Participation Allocation was charged related to income. €808.3k was outstanding at 31 December 2023 (31 December 2022: €0).

The second component of the Performance Participation Allocation based on capital gains (the "Capital Gains Performance Participation Allocation"), is payable at the end of each calendar year in arrears. The amount payable equals 12.5% of cumulative realized capital gains from inception through the end of such calendar year, computed net of all realized capital losses and unrealized capital depreciation on a cumulative basis, less the aggregate amount of any previously paid Capital Gains Performance Participation Allocations as calculated in accordance with IFRS on the NAV of the ECRED Aggregator units.

Each year, the Capital Gains Performance Participation Allocation is net of the aggregate amount of any previously paid Capital Gains Performance Participation Allocation for all prior periods. The Recipient will accrue, but will not be paid, a Capital Gains Performance Participation Allocation with respect to unrealized appreciation because a Capital Gains Performance Participation Allocation would be owed to the Recipient if ECRED were to sell the relevant investment and realize a capital gain.

For the year to 31 December 2023, €131.0k (period to 31 December 2022: €0) of Performance Participation Allocation was charged related to realized capital gains. €131.0k was outstanding at 31 December 2023 (31 December 2022: €0).

Administration fees

The Investment Manager has charged ECRED €202.7k (period to 31 December 2022: €183.7k) for accounting and administrative services during the year, of which all related to Organizational and Offering Expenses, initial fund expenses and discretionary expense cap expenses. €202.7k was outstanding at 31 December 2023 (31 December 2022: €183.7k).

Organizational and Offering Expenses

The Investment Manager agreed to advance all ECRED's Organizational and Offering Expenses (as defined in the Prospectus), such as legal, regulatory and advisory fees, until 3 October 2023. These costs will be reimbursed to the Investment Manager over 60 months from 3 October 2023, subject to the implementation of any discretionary cap on such expenses advanced by the Investment Manager as further explained in the Prospectus. Total costs advanced by the Investment Manager as at 31 December 2023 are €7.1 million (31 December 2022: €5.8 million).

After discounting for the deferred repayment terms and adjusting for ownership of ECRED, the liability attributable to ECRED Feeder SICAV is €24.5k (31 December 2022: €22.9k).

Initial Fund Expenses Support

The Investment Manager may at its discretion advance all of ECRED's initial fund expenses (as defined in the Prospectus), until 3 October 2023. These costs will be reimbursed to the Investment Manager over 60 months from 3 October 2023, subject to the implementation of any discretionary cap on such expenses advanced by the Investment Manager as further explained in the Prospectus. Total costs advanced by the Investment Manager as at 31 December 2023 are €5.7 million (31 December 2022: €1.7 million).

After discounting for the deferred repayment terms and adjusting for ownership of ECRED, the liability attributable to ECRED Feeder SICAV is €633.9k (31 December 2022: €202.7k).

Discretionary Expense Cap

The Investment Manager has elected to voluntarily apply an expense cap of 0.50% (annualised) of ECRED's Net Asset Value on Fund Expenses and Organizational and Offering Expenses. The expense cap came into effect on 1 October 2023 and may be removed or extended at any time by the Investment Manager and in its sole discretion. Upon expiration, ECRED will bear any unpaid or unreimbursed Fund Expenses and/or any other outstanding unreimbursed amounts of Organizational and Offering Expenses deferred pursuant to this arrangement, in equal instalments over the 60 months following the date such cap has expired or has been removed.

j) Warehouse Transactions

On 12 July 2022, ECRED Master FCP entered into a forward purchase agreement, as purchaser, together with BX Shipston SCSp, an entity owned by Blackstone Treasury Holdings I LLC, a subsidiary of Blackstone Inc., for the purchase of all the shares in BX Thames S.à r.l., a subsidiary of BX Shipston SCSp, and certain warehouse assets in the form of debt obligations held by BX Shipston II S.à r.l., a subsidiary of BX Shipston SCSp and debt obligations held by BX Shipston Direct Lending II SCSp, a subsidiary of BX Shipston II S.à r.l..

During the year ended 31 December 2023, loans for consideration of €47.9 million (period to 31 December 2022: €114.3 million) were purchased by BX Thames S.à r.l. from BX Shipston II S.à r.l..

During the year ended 31 December 2023, loans for consideration of €11.6 million (period to 31 December 2022: €0) were purchased by BX Thames Direct Lending SCSp from BX Shipston Direct Lending II SCSp.

During the year ended 31 December 2023, loans for consideration of €0 (period to 31 December 2022: €19.6 million) were purchased by BX Thames S.à r.l. from Blackstone Holdings Finance Co. LLC.

k) Directors' Fees

Non-affiliated directors of ECRED Feeder SICAV have earned €75.0k (period to 31 December 2022: €39.8k) for services rendered during the year, none of which remains payable at 31 December 2023 (31 December 2022: €39.8k). Directors who are employees of the Blackstone Inc. group did not receive any directorship remuneration.

l) Investments in ECRED

The table below shows the Net Asset Value of shares in ECRED held by related parties. All shares were acquired at Net Asset Value on the subscription date.

Net Asset Value of shares held €000's	As at	
	31 December 2023	31 December 2022
Subsidiaries of Blackstone Inc. ¹	32	30
Other key management personnel ²	1,518	801

1. Includes the Investment Manager.

2. Includes directors of ECRED Feeder SICAV and other key management personnel of ECRED or Blackstone, Inc.

11. Commitments and Contingencies

On 16 August 2022, ECRED Holding II SCSp (the "Partnership") entered into a Senior Credit Facility Agreement (the "Facility") with Bank of New York Mellon (the "Facility Agent"), Morgan Stanley Bank, N.A. (the "Original Senior Lender" or "Mandated Lead Arranger") and BNY Mellon Corporate Trustee Services Limited (the "Security Trustee"). The Facility makes available to the ECRED Holding II SCSp a multicurrency revolving credit facility in the initial amount of €400 million. On 28 February 2023, a Deed of Amendment and Restatement was entered into by the Facility Agent, the Original Senior Lender and the Security Trustee which reduced the capacity of the Facility to €300 million. As security for the Facility, the Partnership entered a security deed dated 16 August 2022, between the Partnership and the Trustee creating security over cash accounts and debt obligation or debt security purchased or originated (and which remains held) by the Partnership or a subsidiary. The Partnership also has pledged the shares it holds in BX Thames S.à r.l. as security for the Facility.

On 9 November 2023, ECRED Holding I SCSp ("Holding I") entered into a Revolving Credit Facility Agreement (the "Revolver") with Barclays Bank PLC. BX Lomond Holding SCSp, BX Lomond S.à r.l., BX Lomond Direct Lending SCSp, ECRED Holding III SCSp, ECRED Equity Investment Luxco S.à r.l. (together the "Subsidiaries") and ECRED (Aggregator), were also party to the Revolver as guarantors. The Revolver makes available to Holding I a multicurrency revolving credit facility in the initial amount of €50 million. As security for the Revolver, Holding I, Aggregator, and the Subsidiaries entered a security deed dated 9 November 2023, creating security over portfolio investments and associated rights.

12. Subsequent Events

Subsequent to the year end, ECRED Feeder SICAV had net subscriptions for shares of €114.9 million.

In January 2024, a parallel vehicle, Blackstone Crédit Privé Europe SC, was established to invest alongside ECRED Master FCP.

Apart from the above, the Directors have evaluated the impact of all subsequent events through to 29 April 2024, which is the date that these financial statements were available to be issued, and have determined that there were no other subsequent events requiring adjustment to or disclosure in the financial statements.

Glossary
